

## TELLS OF PLOT TO CONTROL ELECTION OF PRESIDENT

**Thomas Lawson Testifies Before Senate Committee**

## NEW ONLY IN GENERAL WAY

**States Nomination of Wilson Made Scheme Fail—Tells Committee That Testimony of Morgan Was A Joke**

Washington, Oct. 17.—"The sinister system," formed a deep-laid plot to control the presidential election, Thomas W. Lawson of Boston told the senate campaign contributions committee today.

Mr. Lawson was careful to impress upon the committee that he knew only in a "general way" of the alleged colossal scheme to nominate and elect a candidate "satisfactory to the Wall street interests." All of his testimony was of matters he knew in a general way, and he became involved in heated controversy with the committee in explaining what he meant by his phrase.

**Said Examination Was Joke.**

In the course of the dispute he informed the committee that the examination of J. P. Morgan and other witnesses had been a joke. The conspiracy of Wall street interests of which Mr. Lawson knew in a general way included, he declared the defeat of Colonel Roosevelt at the Republican national convention, the nomination of President Taft and the injection of Colonel Roosevelt into the campaign as the third party candidate to "split the Republican party"—all this without the knowledge or consent of Colonel Roosevelt. Then Mr. Lawson knew in a general way a mysterious fund of \$1,000,000 had been raised in Wall street to deadlock the Democratic convention at Baltimore, prevent the nomination of any of the candidates before the convention and to name a dark horse satisfactory to the "system" who was to be elected.

**Told Bryan of Plan.**

"I communicated this information to Mr. Bryan at Chicago during the Republican convention," Mr. Lawson said, and as a result Mr. Wilson was nominated and the scheme failed.

Frank A. Munsey, who preceded Mr. Lawson, argued at length with the committee against the publicity of campaign contributions, declaring that it was necessary that rich men contribute to political funds and that such publicity as the present investigation had enforced had "frozen up the pocketbooks" of the wealthy. He outlined his own expenditures in the Roosevelt pre-convention campaign fund amounting to more than \$118,000, and told the committee that compared with the amount he was reported to have contributed, their figures made him look like a piker. He estimated that the total expenditure of the Roosevelt pre-convention campaign at \$574,000.

"Before Mr. Lawson and Mr. Munsey took the stand the committee heard James O. Murfin, of Detroit, who declared that the recent primaries in that city were 'rotten—the worse we ever had.' He charged that money was used lavishly and that delegates were 'bought like sheep.'"

**George B. Cortelyou Called.**

George B. Cortelyou, chairman of the Republican committee in 1904 was called. He gave the committee his recollection of the so-called Standard Oil contribution of \$100,000, which John D. Archbold testified he gave to the Republican fund that year. Mr. Cortelyou said that when President Roosevelt demanded that any Standard Oil money be returned he was told by Cornelius N. Bliss, treasurer of the committee that no contribution had been received from the company. The witness said he had a vague recollection that Mr. Bliss said something to the effect that "no questions should be asked as to individual contributions" and that after the election Mr. Bliss had said something to him about a contribution from H. H. Rogers of the Standard Oil company, which he said, may have been the Archbold money.

**Went After Conspiracy Story.**

The committee went after Mr. Lawson's conspiracy story rather sharply, and endeavored in vain to pin him down to a basis of his recital. He said that he had private means of information, many of them confidential, and finally informed the committee that when a bit of information became known to him he took particular pains to arrange matters so that he might not know the exact source of the information. This rather took the committee off its feet and the senators questioned in vain in an effort to get specific information from the witness. He

## WILSON LAUDS TAFT'S ATTITUDE

**ASSISTANT SECRETARY OF STATE  
GIVES ADDRESS.**

**Emphasizes That Business Men Want Clearer Standard of Conduct on the Part of Combinations—Denounces "Immunity Bath."**

Chicago, Oct. 17.—Defense of "honest trusts" and laudation of President Taft's attitude toward industrial combinations of capital were the burden of an address here to night by Huntington Wilson, assistant secretary of state. Early in his speech Mr. Wilson declared that scientific regulation of combinations to preserve the economies to the nations while destroying their abuses was now the problem of the nation.

Taking as his theme, "the Republican party and the trust question," Mr. Wilson declared the party has "no quarrel with honest combination for economy in production, but it will not permit capital to pocket these economies. He emphasized that what the business men of the country wanted was a clearer standard of conduct on the part of combinations, and that they ought to have it."

Mr. Wilson declared that through the nationwide industries which combined to increase efficiency and to promote, not restrain trade, the United States had discovered the modern evolution of industrial efficiency. He advocated a law against "stock-watering" in inter-state commerce corporations contending such operations should be forbidden to issue any securities except for cash or property or services officially assessed.

Mr. Wilson denounced the "immunity bath" as applied to officials of corporations under investigation by congress or the courts. Team work on the part of America was necessary, Mr. Wilson declared, if they were to maintain their present position in the markets of the world. "Between the passive Democrats and the so-called Progressives' Socialistic visions of excessive paternalism which are sung so sweetly to the unthinking," Mr. Wilson declared in conclusion, "let us choose the Republican party's truly progressive policy of dealing with the wrong by law and of establishing facts by the full knowledge incidental to federal incorporation."

## CHARGES DRAWN AGAINST FOGEL

**Will Be Asked to Substantiate Statements That Umpires Favored New York Club.**

New York, Oct. 7.—Formal charges against Horace Fogel, president of the Philadelphia National league club, based upon his alleged assertions that umpires had favored the New York club, and that this year's race had been fixed for that club to win, were ordered drawn at an important meeting here today of the National league baseball clubs. Fogel will be given an opportunity to substantiate statements published over his signature accusing certain umpires of unfairness. The charges also will include statements which Fogel is alleged to have made at the Philadelphia ball park that the manager of the St. Louis club weakened his team by playing substitutes in order that the New York team could win and charges made by Wm. Brennan an umpire, whose fairness was said to have been impugned by Fogel.

The hearing will take place on November 26th.

## INFESTED WITH HOLDUP GANGS

**Hammond, Gary and East Chicago Scenes of Operations.**

Hammond, Ind., Oct. 17.—Hammond, Gary, East Chicago and other cities of the Calumet region are infested with holdup gangs. The police are mystified by the rapidity with which they change the scene of their operations.

Charles Creekbaum, driver for a cracker company, of Chicago was beaten unconscious by masked men near Hammond in broad day light and two hundred dollars in collections taken from him. The bandits escaped in a touring car. The leader of the gang had only one arm. Albert Pezerett, who has one arm, was arrested in South Bend on suspicion. No fewer than fifty holdups and burglaries have been reported to northern Indiana police in the last few days.

## WILL KEEP DISTRICT CLOSED

Chicago, Oct. 17.—The "lid" is on in Chicago's red-light district as long as States Attorney E. W. Wayman is in office. The prosecutor told Aldermen S. I. Mayer and John R. Emerson, members of the city council's committee on vice today that the segregated districts would not be opened as long as he was in states attorney's office.

The aldermen voted the states attorney in an attempt to induce him to raise the ban because the undesirable are crowding into their ward.

## BURNS RESTS DEAN.

Springfield, Mo., Oct. 17.—Freddie Burns of Indianapolis won from Ernie Dean, a welter-weight from Kansas City in ten fast rounds here tonight.

## ADVOCATE NEW BUILDING.

Minneapolis, Minn., Oct. 17.—Dedication of a building at the University of Minnesota place should serve as a gathering place of Scandinavians of the Northwest was advocated today at the annual meeting of the Norwegian-Danish Press association.

## ASKED TO EXPLAIN NEW ATTACHMENT

**JACK JOHNSON APPEARS BEFORE McWEENEY.**

**Mother of Lucile Cameron Tells of Failure to Get Daughter Away From Influence of Negro—Johnson Denies Unduly Friendly Relations.**

Chicago, Oct. 17.—Jack Johnson, the negro heavy-weight champion pugilist, appeared before Chief of Police McWeeny today to explain his relations with Miss Lucile Cameron, the 19-year-old daughter of Mrs. F. Cameron-Falconet of Minneapolis, for whom the police had been asked to search by the mother. Miss Cameron is a striking blonde and came from a good family.

In a dramatic appeal Mrs. Falconet told of her failure to get her daughter away from the influence of the negro. She described her anguish when she learned last Friday that her daughter was a frequenter of Johnson's cafe, her hurried trip here to rescue the girl, her interviews with the pugilist, who, she declares, insulted her and flouted her plea to give up the girl. Johnson, she said, told her he could "get" any woman he wanted.

**Pointed Out Wrong.**

"When I found Lucile I pointed out the wrong she had done. I pleaded with her. I told her I would give up everything I had in life to get her to go back, that I would go any place with her and shield her from criticism back home. She refused to come, being apparently under Johnson's influence."

"Then I stifled my pride and telephoned the black man. He said he would send an automobile for me. Friends advised me to see if I couldn't personally get him to give up my daughter."

"When his automobile arrived he was in it himself, although he said it was to be empty. When I entered the car I drew down the shades so as not to be seen. This nettled him. 'Oh some of the best white women in Chicago ride in this car,' is what he said to me."

**Begged Johnson to Give Her Up.**

"I begged Johnson to give my daughter up. He said he wouldn't and leered in my face. We rode to a home on Sheridan road, where Lucile was staying. She wept and told me she had gone too far to go back. Every once in a while she would walk out of the room with the negro and talk with him. I told her I would do everything within my power to save her."

"I left her undecided. Finally she came to my hotel. We talked of how she could become disentangled. I was convinced at that time that the negro had a hypnotic influence over her."

"She went down stairs to use the telephone, she said, and never returned. Johnson told me he would give every dollar he has to hold her. I have appealed to the police but they can do nothing as Lucile is 19 years old. It doesn't seem that white men would see their civilization so outraged."

**Johnson Makes Denial.**

Johnson made denial of unduly friendly relations with Miss Cameron. He denied the report that his infatuation for the Cameron girl was one of the causes of the suicide recently of Mrs. Duryea-Johnson, the negro champion's white wife. He declared the girl left his employment as cashier in his cafe to take another position and that his wife had never seen Miss Cameron.

"Johnson denies the whole thing," said Chief McWeeny. "One thing is certain, if I find anything wrong at Johnson's place he will be arrested in a hurry."

Miss Lucile Cameron was arrested tonight, after she had refused to leave her companions in Chicago and accompany her mother to Minneapolis.

She was questioned by Police Captain Nootbaier and later taken to the South Clark street police station for the night.

She was arrested on complaint of her mother, but was not booked. She is said to have been living in the flat of Jack Curley, a fight promoter, in Sheridan road.

**Will Marry Johnson.**

Miss Cameron told Police Captain Nootbaier that she loved Jack Johnson and that while the negro had not as yet made her a proposal of marriage, she expected to become his wife in the near future.

At this announcement the mother of the girl became hysterical. Later Johnson, accompanied by an attorney, visited the police station and attempted to talk with the girl, but was denied permission to see her.

"I cannot go back, and I don't want to go back to Minneapolis," said Miss Cameron, who appeared unaffected by the pleading of her mother. "I expect to become the wife of Mr. Johnson shortly, although he has not proposed marriage to me. I love him and want to stay in Chicago."

**Johnson Makes Statement.**

Jack Johnson in a statement tonight said:

"I can't help it if white women become infatuated with me and follow me around. If Miss Cameron loves me that is my business, and she is old enough to know her own mind up to this time. For the last month I have employed her as a stenographer."

When asked if he intended to marry Miss Cameron or take her with him to Australia or he goes there to fight, Johnson replied: "I do not intend to take her with me, but as she has money of her own she may take the notion to follow me, and you surely can't blame me for what she does. I would not take her unless I first married her. Of course I may marry her, but not now. I can choose whom ever I wish to marry, and no one can stop me."

## BAIL OF JOHN SCHRANK DOUBLED

**IMPOSSIBLE TO APPOINT ATTORNEY FOR ACCUSED.**

**Prisoner Makes no Effort to Obtain Bonds—Roosevelt Will Not Be Required to Appear at Trial.**

Milwaukee, Wis., Oct. 17.—The bail of John Schrank, charged with attempting to kill Col. Theodore Roosevelt on Monday night by shooting, was today increased from \$7,500 to \$15,000 by Judge Backus of the municipal court, to which jurisdiction the case had been transferred. The prisoner has made no effort to obtain bonds. Unless unforeseen developments arise, Col. Roosevelt will not be required to come to Milwaukee to appear at the trial of his attempted slayer, according to District Attorney Zabel, because of the demand which would be made for his services in the way of speeches after his recovery.

Mr. Zabel reiterated his statement that it will be impossible for the state to appoint an attorney for the accused man at least not in accordance with his confession.

"Schrank professes to be worth \$25,000 and the investigation of the New York police seems to substantiate this," he said. "In view of this fact Schrank cannot take the oath of an indigent person which is necessary for the appointment of a counsel by the state."

Schrank wears a rosary about his neck. When he was first taken to the county jail he was asked to turn it over to the jailer, because it was feared that he might use it in a suicide attempt. He protested vigorously and made so great a disturbance that Sheriff Arnold permitted him to retain it.

## SENATOR WELDON HEYBURN DIES

**Representative of Idaho Passes Away in Washington—Had Been in Senate Nine Years.**

Washington, Oct. 17.—United States Senator Weldon Heyburn, Idaho, died at his apartment here tonight after a lingering illness. He was 64 years old and had been in the senate nine years.

A complication of diseases, involving the heart and kidneys, caused death. He had not been well since last March when he collapsed after delivering a speech in the senate on the arbitration treaties. Several weeks ago, apparently gaining strength after a serious relapse, the senator and Mrs. Heyburn made preparations for a trip west. Another relapse followed, however, and since then the patient had been growing steadily weaker. Today the doctors thought he was slightly improved but death came suddenly a few minutes before 8 o'clock tonight.

No arrangements have been made for the funeral, but the body will be taken to the old home of Senator Heyburn, in Birmingham, Pa., for burial.

Senator Heyburn was born in Delaware, May 23, 1852, his parents being John Brinton and Sarah Gilpin Heyburn, Quakers of English descent. After being admitted to the bar in 1876, he practiced law continuously until he entered the senate. He married Miss Cherrington Yeatman, who survives him. They had no children. In 1883 the senator moved to Shoshone, Idaho, which has been his home ever since. He was a member of the Idaho constitutional convention and had served as delegate to the national Republican convention and as Republican national committeeman. Jan. 3, 1903, he was elected to the senate and in January 1909, was unanimously re-elected to serve until 1915.

One of the staunchest of the regular Republicans and a man of strong convictions, frankly and emphatically expressed on all occasions, Senator Heyburn had for many years been a conspicuous figure in the senate. He was mostly known, perhaps, for his unyielding bitterness toward the south.

**ANSWERS BEVERIDGE.**

**Senator O'Gorman Gives Out Telegram From Wilson.**

New York, Oct. 17.—A telegram from Governor Wilson answering the questions given by Senator Beveridge last night at Louisville as queries which Colonel Roosevelt intended to put to the governor was given out here today by Senator James O'Gorman at Democratic national headquarters.

The Beveridge-Roosevelt questions concerned Governor Wilson's enforcement of the corporation laws of New Jersey and asked why the Standard Oil company and the American Tobacco company had not been prosecuted in the state where they were organized.

Governor Wilson's telegram was as follows: "I authorize you to say that the Republican majority in the legislature made revision of corporation laws impossible and no New Jersey official could prosecute or propose dissolution for breach of the federal standards."

"Governor Wilson's telegram puts the matter squarely up to the Republican legislature of New Jersey," Senator O'Gorman said, in making public the message.

low me, and you surely can't blame me for what she does. I would not take her unless I first married her. Of course I may marry her, but not now. I can choose whom ever I wish to marry, and no one can stop me."

## STATE RESTS IN BECKER TRIAL

**CASE FOR DEFENSE WILL OPEN TO DAY.**

**Becker May Take Stand in Own Defense—Indicated That Defense Will Try to Prove Lieutenant Is Victim of a Conspiracy.**

New York, Oct. 17.—The state rested its case today in the trial of Police Lieutenant Charles Becker, on the charge of instigating the murder of Herman Rosenthal, the gambler. The case for the defense will begin tomorrow, when John W. Hart of Becker's counsel will make his opening address to the jury. If Becker has his way, Hart said, he will go on the stand in his own behalf. Whether his counsel will attempt to dissuade him from his desire had not been determined to night, according to John F. McIntyre, his chief attorney.

The defense has indicated that it will endeavor to prove that a clique of gamblers inspired the murder of Rosenthal and that Becker is the victim of a conspiracy.

Former District Attorney Jerome will be one of a dozen or more witnesses the defense plans to call. Mr. Jerome is expected by Becker's counsel to break down a portion of the testimony of Jack Rose in connection with an alleged telephone conversation with Becker, introduced by the state to show that Becker had guilty knowledge of the crime. Samuel Paul, whose gambling place was frequently raided by Becker and other members of the gambling fraternity also are included among Becker's witnesses.

Mrs. Lillian Rosenberg, wife of "Lefty Louie" one of four gunmen charged with the actual slaying of Rosenthal, furnished one of the sensations of today's proceedings when she appeared as a state's witness. Although denying any knowledge of her husband's whereabouts on the night of the murder Mrs. Rosenberg, told of the visit of Sam Schepps and Jack Rose to her home to ask the aid of her husband in getting Jack Zelig, the gang leader out of jail. This testimony, corroborative of the stories of Schepps and Rose, was intended to strengthen one of the important links in the chain of evidence.

Mr. Rosenberg was one of a dozen witnesses put on by the state to close up some of the loose ends of its case, which has taken in all seven days to complete.

The only appearance of the four gunmen in the case so far has been when they were brought into court to be identified by witnesses. As the quarter are under indictment and will be tried apart from Becker, it is not expected they will be called to the stand in this trial.

**"Gyp the Blood" III.** There was something of a scare at the Tombs to night when Harry Horowitz, better known as "Gyp the Blood" was taken ill. It was at first feared he had been poisoned in some way, but a physician summoned from Bellevue hospital found "Gyp" groaning in pain, decided that the trouble was inflammation of the stomach. "Gyp" wanted to be taken to a hospital, but his wish was not gratified.

## MCLEAN CHOSEN PRESIDENT.

**Elected Head of Christian Mission Society for Thirteenth Consecutive Year.**

Louisville, Ky., Oct. 17.—For the thirteenth successive year A. McLean of Cincinnati was tonight elected president of the Christian Mission society, three sessions of which were held here today.

The Orthodox of one missionary was challenged late this afternoon in a resolution which asked for the severance of relations now existing between Hyde Park Christian church Chicago and the society. It was asserted that G. W. Sarvis, a missionary teacher in the University of Nanking, China, and supported directly by the church named, holds non-orthodox views as to the divinity of Christ, concurring with views enunciated by Dr. E. S. Ames, pastor of the Hyde Park church and also holder of the chair of philosophy of theology in the University of Chicago.

El Paso, Texas, Oct. 17.—Organization of A. Felix Diaz, rebel "Junta" has assumed large proportions in El Paso. It is declared that General Pascual Orozco is working in close conjunction with the Diaz movement and is expecting developments in northern Mexico. Reports today show that rebels this week have burned nearly forty bridges along the Mexican Northwestern railway. This was done within striking distance of nearly 3,000 federalists.

## DIAB MOVEMENT LARGE.

**RACES POSTPONED.**

St. Joseph, Mo., Oct. 17.—All of the races of the National Coursing meet which were to have taken place today, were postponed until tomorrow.

## GREECE DECLARES WAR.

Athens, Oct. 18, 2:30 A. M.—Greece, not wishing to detach herself from her allies, sent instructions early this morning to the minister at Constantinople to communicate a declaration of war to the Porte. Greece, at the same time, sent a fraternal greeting to the allied states. Serbia was the first of the three states to declare war last night. Bulgaria followed with a similar declaration.

## COLONEL AGREES WITH NEBRASKAN

**ISSUES STATEMENT FROM HOSPITAL.**

**Emphatically Demands That Discussion Be Carried on Precisely as if He Had Not Been Shot—Hopes to Speak Before End of Campaign.**

Chicago, Oct. 17.—Campaign activities should not cease because of Colonel Roosevelt's attempted assassination so far as he is concerned.

The following statement was issued by him from the hospital today in answer to what Mr. Bryan said yesterday in his speech at Franklin, Ind.:

"I wish to express my cordial agreement with the manly and proper statement of Mr. Bryan at Franklin, Ind., when in arguing for a continuance of the discussion of the issues at stake in the contest."

"I wish to point out, however, that neither I or my friends have asked that the discussion be turned away from the principles that are involved. On the contrary, we emphatically demand that the discussion be carried on precisely as if I had not been shot. I shall be sorry if Mr. Wilson does not keep to the stump and I feel that he owes it to himself and the American people to continue."

"I wish to make one more comment on Mr. Bryan's statement. It is, of course, true that in voting for me or against me, consideration must be paid to what I have done, and to what I propose to do, but it seems to me far more important that consideration should be paid to what the Progressives propose to do."

"I cannot too strongly emphasize the fact upon which we Progressives insist that the welfare of any one man in this fight is wholly immaterial compared to the great and fundamental issues involved in the triumph of the principles for which our cause stands. If I had been killed the fight would have gone on exactly the same. Governor Johnson, Senator Beveridge, Mr. Strauss, Senator Bristow, Miss Jane Addams, Gifford Pinchot, Judge Ben Lindsey, Raymond Robbins, Mr. Prendergast and the hundreds of other men now on the stump, preaching the doctrines that I have been preaching and stand for, and represent just the same cause. They would have continued the fight in exactly the same way if I had been killed and they are continuing in just the same way, now that I am for the moment laid up."

"So far as my opponents are concerned, whatever could with truth and propriety have been said against me and my cause before I was shot can with equal truth and equal propriety be said against me and it now should be so said and the things that cannot be said now are merely the things that ought not to have been said before. This is not a contest about any man, it is a contest concerning principles."

"If my broken rib heals fast enough to relieve my breathing I shall hope to be able to make one or two speeches yet in this campaign, in any event if I am not able to make them the man I have mentioned and the hundreds like them will be stating our case right to the end of the campaign and I trust our opponents will be stating their case also."

## TESTIFY AGAINST ETTORE.

**Newspaperman Recounts Speech Alleged to Have Been Made by Strike Leader.**

Salem, Mass., Oct. 17.—Testimony that Joseph J. Ettore, leader of the strikers to "keep the gun shops busy" and urged them not to fear the police or the "tin soldiers with their bayonets," was given today in the trial of Arturo Giovannitti and Joseph Caruso, charged with the killing of Anna Lopizzo, a mill operative during the strike.

Two Lawrence police officers testified that Giovannitti had expressed to them defiance of the police and soldiers, and James P. Donahue, a Boston newspaperman, recounted speeches alleged to have been made by Ettore at Lawrence which the commission is endeavoring to show were of an inflammatory character and led to rioting, resulting in the death of the Lopizzo woman.

## RAIN HALTS RACES.

Dallas, Texas, Oct. 17.—The Great Western Circuit races were postponed on account of rain.

## WEATHER INDICATIONS AND TEMPERATURES

Washington, Oct. 17.—For Illinois—Fair Friday; Saturday fair south, increasing cloudiness and colder in north portion, moderate to brisk south to southwest winds shifting to northwest Saturday, over the northwest portion.

Respiration—22, 20, 2, 20, 18, 20, 22, 22, 22, 22, 22, 20.

After inspecting the record for the day Dr. John F. Golden said that it tallied in every respect with conditions which were normal in Col. Roosevelt's case.

The period of possible development of blood poison has still another day to run, and although the physicians said that a change might occur within an hour at any time during the next day, they were more optimistic tonight as to the outcome than at any previous time. The possibility of "lockjaw" always to be reckoned with in the case of bullet wounds, has still to be considered and as the period in which this might develop, the physicians said is six to seven days.

**Not Entirely Out of Danger.**

Colonel Roosevelt will not be regarded as entirely out of danger should the next day pass with no signs of blood poisoning. Dr. Curry L. Terrell, Colonel Roosevelt's physician said, that the patient could not leave the hospital safely until the expiration of this period.

## PHYSICIANS TAKE MORE OPTIMISTIC VIEW OF CONDITION

**Emphasize That Roosevelt Has Not Passed Danger Point**

## COLONEL BREATHE MORE EASILY

**This is Accepted As Sign That Broken Rib Has Begun To Knit—Patient Says That He Feels As Well As Can Be Expected.**

## BULLETIN.

Chicago, Oct. 18, 1 a. m.—Col. Roosevelt has been sleeping since 11:30 o'clock. At that time his temperature was 98.4; pulse 74, and respiration, 18.

Chicago, Oct. 18.—After their last consultation of the night, Col. Roosevelt's physicians announced late to night that their patient's condition was improving. Col. Roosevelt breathed more easily to night than at any previous time since John Schrank shot him in the breast at Milwaukee last Monday. This was accepted as a sign that the broken rib had begun to knit. He said that he felt as well as could be expected.

## Physicians Optimistic.

The physicians took a more frankly optimistic view than at any other time since the colonel was admitted to the hospital, although they emphasized the fact that he could not be considered to have passed the danger point.

After his physicians had finished their final examination for the night Colonel Roosevelt called for hot water and had his nightly shave. Then his nurse gave him a sponge bath and an alcohol rub. A glass of milk was taken to him and when he had drunk it the lights were put out and the colonel's day was over. Before his nurse left him she placed a reading lamp and a half dozen books within easy reach.

Throughout the day of unbroken calm Colonel Roosevelt lay in his bed in Mercy hospital with virtually no variation of his condition. It was a day of waiting, with the ever present possibility of complications, but with lessened fears on the part of those who were in watch over the wounded man. Colonel Roosevelt appeared to have recovered from the shock of the bullet which for a time drained his vitality, and so far as a casual observer could detect, he was in his normal condition. But there was no relation in the strict regime, and his physicians said that he was by no means out of danger.

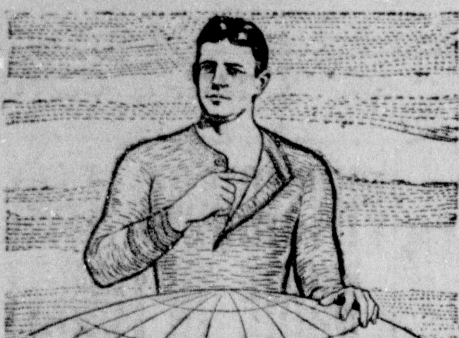

Colonel Roosevelt's physicians were discussing among themselves tonight the length of time which it will be necessary for the colonel to remain in the hospital. It was thought that it might be safe for him to leave for Oyster Bay on Monday or Tuesday if all goes well, but not even a tentative decision was reached.

## Clinical Records Encouraging.

The clinical record for the day showed some variations in temperature, pulse and respiration, but but only such changes, the physicians said as were normal in the case of a person suffering from a bullet wound. The hourly record told of a slight fever in the morning and sub-normal temper toward the end of the day. The pulse rose to 90 in the morning and again late in the afternoon but in the early evening the count fell off. The record as taken hourly from 9 a. m. to 9:30 p. m. follows:

Pulse—84, 90,

Rev. D. L. Schulte of Pittsburg, Pa., the labor evangelist who will make an address tonight at 7:30 o'clock in the First Baptist church, addressed the Baptist convention in Quincy Thursday evening. His successful services in behalf of the suffering strikers in Pennsylvania led the Baptist denomination to select him for their labor evangelist. He is a very forceful speaker and has a message of definite value.

### SOCIAL EVENTS.

Last evening Miss Florence Parker entertained at her delightful home on Webster avenue a novelty rush in honor of Miss Myrtle Denny, who is soon to wed Mr. Edward Everett of New York. There were many articles and it was a novelty rush in the true sense of the word, the ingenuity and skill as well as artistic taste manifested being wonderful in the selection of the offerings.

A very pleasant evening was enjoyed by all for Miss Parker is an accomplished entertainer. During the evening excellent refreshments were served and greatly enjoyed by all present.

The Pastoral Helpers of Central Christian church were entertained Thursday afternoon at the home of Mrs. J. F. Claus on South East street, Mrs. Claus being assisted in entertaining by Mrs. Charles Ratachak. Progressive conversation was a feature of the afternoon and during the hours, refreshments were served.

E. T. Fox of West College avenue celebrated his 73rd birthday Thursday at his home and a birthday dinner was given to the members of the family and a few friends in his honor. Following the serving of an elaborate menu the afternoon was very pleasantly spent in a social manner. Among those present were Mrs. J. T. Dimmett, daughters and grandchildren, Mrs. Sarah Reese and Mr. and Mrs. E. T. Fox and daughter, all of this city; Mr. and Mrs. J. C. Swain and son and Mr. and Mrs. Amos Swain, son and daughter of Sinclair.

Mrs. Howard Doan entertained a company of about fifty friends at cards at her home on Webster avenue Thursday afternoon. Bridge was the game played and the honors were awarded to Miss Chambers, Mrs. J. T. Shary, Mrs. L. P. Alcott and Mrs. J. O. Vosseller. During the afternoon refreshments were served.

A large crowd attended the annual chicken supper given last night by the Ladies' Aid society of the Northminster church, which was held at the church. A splendid menu was served and a neat sum realized by the society.

A students' social was given by the Christian Endeavor society of State Street church, in the parlors Thursday evening. All the schools and colleges of the city were represented and the rooms were appropriately decorated with autumn flowers for the occasion. Several interesting contests were held and prizes were won by Miss Maud Johnson, Carl Lukeman and Worthington Adams. Refreshments were served in regular catering fashion. A splendid evening was enjoyed and the social afforded the young people a means of getting better acquainted. The committee in charge was composed of Rev. Mr. and Mrs. H. D. French, Misses Helen and Dorothy Doying and Anna Floreth.

The South Side Circle will meet this afternoon with Mrs. Joseph Jackson on West North street. The paper of the afternoon will be read by Mrs. W. L. Robinson.

The Knights of Columbus gave their first semi-monthly entertainment of the season Thursday evening in their hall on the north side of the square. About fifty couples were in attendance and the early part of the evening was spent in playing euchre, at which prizes were won by Miss Marie Meany and Joseph Sheehan. A very appetizing luncheon was served and the remainder of the evening was spent in dancing. The committee in charge of the affair was composed of James A. Powers, Edward Killian, Edward Perry, Joseph Clancy and Joseph Oliverson.

Dr. and Mrs. J. R. Harker were host and hostess to the private music teachers of the city and also to the members of the faculty of the College of Music Thursday afternoon from 4 until 6. The gathering was held in the studio of Prof. Donald Swarthout. The invitations sent out were accepted by a large number and a very enjoyable time was spent. The music department of the Woman's college is anxious to have the city music teachers feel that they are always welcomed at the college and the college expects to give them the use of the hall for student recitals and assist them in any way possible to make the musical life of Jacksonville of a superior kind. The gathering also served the purpose of getting better acquainted and during the time President Harker and the Messrs. Swarthouts made brief addresses. Mr. Donald Swarthout, to the delight of the guests, explained the new pipe organ and gave demonstrations of its wonderful power. During the hours delightful refreshments were served.

Mr. and Mrs. H. H. Massey were given a happy surprise by their children Thursday evening on the occasion of their 63rd birthdays. By a peculiar coincidence they were both born Oct. 17 and the day has always been remembered in some way or other. The surprise was complete in every way and the evening was a delightful one. At 6 o'clock a two course dinner was served and the rest of the time was spent in a social way. The dining room was decorated in pink and green by the use of flowers and autumn foliage. Those of the children present were Mr. and Mrs. Frank Massey and daughters Bernice and Pauline, Mr. and Mrs. Charles Massey and children Edith and Charles, Mr. and Mrs. M. L. Stubblefield and Misses Irene and Minnie Massey.

## Conservation

There's lot of talk these days about conserving the forests and other national resources and it's important talk, too. That's a national interest. But the question that has a more personal interest is that of conserving one's own resources.

### USING GOOD MATERIALS

One sure way of private "conservation" is to use the best materials when you build. Using the best in Jax means building with our lumber. There is something individual about Crawford lumber. Every piece has been selected with care and will stand the severe test of time.

### BAPTISTS CLOSE STATE MEETING

Convention of 1913 Will Be Held in Chicago—Summary of Thursday's Sessions—Kind Words for Deneen.

The Illinois State Baptist association concluded its sessions Thursday night and will meet in Chicago the coming year. As already noted in the Journal A. A. Curry is the newly elected president of the organization and Rev. W. L. Dorgan of this city was appointed a member of a number of important committees. The Thursday evening session was devoted to a lecture by Rev. D. L. Schulte of Pittsburg, Pa., the labor evangelist of the church. A brief outline of the doings of Thursday is given herewith.

**Thursday Morning.**  
Mr. George M. Potter, president of Shurtleff college, delivered a masterly address on "Christian Education." The equipment of the college was said to consist of seven buildings with about six acres of land and an endowment of \$175,000. A new Carnegie library has been erected, costing \$15,000 with an endowment of \$15,000. The two ideals of the work of the college were stated as a trained, educated ministry and trained Christian business men.

Rev. M. S. Bryant, pastor of the University Baptist church of Urbana, spoke of the work being done at Urbana for the Baptist students. Mr. Bryant said: "The religious situation at the state university as concerns the Baptists should first be set forth. The Unitarians have a small but modern chapel with pastor in charge just east of the campus. The Methodists have an immense university church with student pastor and two assistant pastors at one corner of the campus. The Christians, a large plant with pastor and two assistants, just west of the campus, and two blocks from the university stands a magnificent new Presbyterian church strictly for students. This church has an endowment of \$60,000 and a guild house for Presbyterian women students in addition. Such shows what the Baptists must meet. Baptist work has now begun. The Y. M. C. A. auditorium has been rented and regular Sunday services commenced. A bible school meets at 10 a. m.; preaching service at 11 and at 7 in the evening a B. Y. P. U. service is held. Several Baptist students and two or more resident Baptist families will soon organize a church so that there may be a church home for students bringing letters of membership with them."

**Thursday Afternoon.**  
At the beginning of the evening service Judson B. Thomas of Chicago spoke of the splendid work in connection with the Ministers' Home at Fenton. Among other things, he said: "The ministers' board of the home at Fenton is affiliated with the ministers' and missionaries' board of the Northern Baptist convention for the present year. This arrangement is tentative. It may become permanent. At all events the vision of a real service rendered to our aged and needy veterans in the Lord's service is truer and larger than at some former time. Such care of the beloved servants of the Lord is not so much a charity as an opportunity."

Report of the temperance committee presented by Rev. M. P. Beynton: "The method of fighting the liquor saloon known as the Anti-Saloon league, both in its national and state capacities, represents a direct attack upon the local saloon. The concrete thing, the most conspicuous devil of the liquor business is the local, retail saloon. It was a stroke of genius to call this now movement against liquor the Anti-Saloon league. Perhaps no caption is more happily phrased or more tersely pointed than this one. We are against the saloon and all that the saloon represents."

**Friendly to Gov. Deneen.**  
"The friendship of the league for Governor Deneen is justified upon the record the governor has made in support of our measures. He signed the local option bill which we now have upon the statute books, and has signed other temperance measures that have passed the legislature during his term of office. It is one of the fundamental principles of our league to stand by those who stand by us support the public officials who enact and enforce the temperance laws of this state. We could do nothing else than support the governor in his fight for nomination in the primary election."

### Thursday Evening.

Hon. Geo. H. Wilson of Quincy delivered a powerful address on "The Anti-Saloon League vs. the Liquor Traffic." Mr. Wilson emphasized the practical value and importance of the Anti-Saloon league as a unifier of the temperance forces. By the aid of the league temperance sentiment has been crystallized and expressed in the advanced position from personal pledges, the city unit and county local option unit. All the credit for this is due to the Anti-Saloon league. Formerly legislators followed the line of least resistance. Now,

through the efforts of the Anti-Saloon league workers, men whose hearts are right and heads right, the legislators are compelled to recognize the power of the league as representing "The Churches in action against the saloon."

It has been said, "Whiskey is a good thing in its place." There is nothing like it for preserving a man when he is dead. If you want to keep a dead man put him in whiskey; if you want to kill a live man, put whiskey in him. Liquor kills each year five times as many whites as are killed in war in 2,300 years.

### LETTER TO "THE CLUB"

From Dr. C. O. Harris.

Mr. Ensley Moore, secretary of "The Club," is in receipt of a letter from Dr. C. O. Harris, a former member of the organization but who is now an instructor of Greek in the Pennsylvania State college. Dr. Harris was a former instructor of Greek in Illinois college and has many friends in Jacksonville. His letter to the secretary reads as follows:

State College, Pa.,  
Oct. 6, 1912.  
Mr. Ensley Moore,  
Secretary of "The Club,"  
Your notification of the first meeting on "Reminiscences" came too late for me to contribute anything to the discussion of the evening. Since then, I have been too busy mastering the details of my new position, to compose a letter, at all worthy of your consideration. A troubled conscience, however, has at last driven me to make the attempt, and so now I beg you to submit this communication to the consideration of "The Club."

Since it is the usual custom for the members to give an account of their doings during the summer vacation, I shall begin my letter with a brief summary of my halts and marches during the vacation months. Immediately on leaving Jacksonville, I paid a visit to my brother in Cleveland, where I remained until June 22. I may mention in passing that I was happily surprised to meet Dr. P. P. Norbury on the street one day. He was attending a national sanitary conference, then in session in Cleveland. I had not been at my brother's home long, before I received a notification of my appointment to the chair of Greek language and literature in Pennsylvania State college and a request that I give instruction in the summer school. Accordingly during part of June and all of July I was busy at State college. After the close of the summer session I joined my brother and Mr. Louis Fuestes, the bird artist, at Camp Otter, Ontario, Canada. From there with three other Cornell alumni we made a trip into the wilderness. The part we visited was rather unfrequented, with long carries over bad trails, but we had a splendid outing with good fishing. I mention this because I dare say that President Rammelkamp has already regaled you with some of Michigan's fish stories and I want to match him with at least one good one. The only thing which marred our trip was a most persistent rain, which fell every day. In fact the most typical picture we saw was that of a blazing camp fire in the evening, around which stood gleaming white furs holding nondescript clothing on a pole over the blaze to dry. The latter part of the summer was spent in short visits to Ithaca, Warsaw and other points.

The most enjoyable days of the summer, however, were spent at the home of Mr. Taylor, near Batavia. His hospitality is royal and I charged him to carry my best wishes and greetings to my friends. I hope he has not forgotten. My vacation ended where it had begun; in Cleveland. September 15th found me at State college once more, giving entrance examinations to freshmen. Since then I have been kept busy trying to adjust myself to my new surroundings and duties. It is no small chance from an institution, where one soon come to know well the personality of every student, to one where the students are so many that an instructor cannot hope to know more than those in his own classes, with perhaps the names of some of those most prominent in student affairs.

After my experience in "The Club" I feel quite sure that if I were with you, questions would be asked about the institution which I am now serving. I shall try therefore to give you as good a conception as possible within the limits of a letter.

Pennsylvania State college was founded originally in 1853 as a "Farmers' High School" and was originally intended to prepare men only for the pursuit of agriculture. In 1862, however, it was granted the benefits of the Morrill Land Grant and received a charter from the legislature of the state under the name of Pennsylvania State college. Other departments of instruction were added in course of time, until it now has five schools—agriculture, engineering, mining, natural science and liberal arts. There has been added recently a department of domestic science. Of these schools the largest and best equipped are those of agriculture and engineering. These two schools have the bulk of

our students and enjoy a splendid reputation for efficiency. The smallest school is that of liberal arts, but there has developed here a sense of the importance of the value of humanizing education and everything possible is being done to encourage the growth of that school. We have about 1900 regularly enrolled students and a total registration (counting the summer session and the short course students in agriculture) of between 2,300 and 2,400. This fall there was a registration of nearly 800 new students. The vast majority of these are men. The women number only 50 or 60. The college itself is located in almost the exact geographical center of the state on a plateau, whose altitude is 1400 feet above sea level. On the west side of the plateau is the Bold Eagle range and on the east, Mt. Nittany. Originally the college was built on a farm thirty miles from a railroad station. Gradually a little village grew up at its doors and called itself "State College." It now numbers 1500 resident inhabitants. Since 1902 the college has leaped from 400 students to the figures given above. Consequently the buildings in the town have not been able to keep up with the demands for living accommodations. Hence the living conditions are rather crowded. We reach the outside world by a poor little railroad called the Bellefonte Central, which connects with the Pennsylvania railroad at Bellefonte. We can also go to Lammont (2 1-2 miles, by motor bus, and get a branch of the Pennsylvania railroad. I hope this brief description will enable you to form in your minds, some conception of the scene of my new work.

It remains for me to perform my last duty as a member of "The Club" and then bring this letter to a close. I hereby present for your acceptance my resignation as a member of "The Club." I assure you gentlemen with real and deep regret that I perform this act but I can no longer be present at your deliberations and to avoid being dropped ignominiously by the ever vigilant secretary, I hasten to withdraw and make room for another man. I shall always regard it as an honor to have my name on your roll and the evenings spent with you in discussion and debate will ever be among the pleasantest memories of my life in Jacksonville. To each and every member of "The Club" I bid "greeting" and "farewell." I beg you to remember me as one who—

"Never doubted clouds would break,  
"Never dreamed, though right were worsted, wrong would triumph,  
"Held, we fall to rise, are baffled to fight better,  
"Sleep to wake."  
Sincerely,  
Clarence O. Harris.

(Continued From Page One.)

and for that reason it was regarded as out of the question to consider Roosevelt's departure for Oyster Bay before early next week. Mrs. Roosevelt was constantly at the bedside and although her husband jestingly complained that he was the victim of machine rule, she said he must see no one except the members of his family. Theodore Roosevelt, Jr., Miss Ethel Roosevelt and Mrs. Nicholas Longworth talked with their father from time to time but even these family chats were limited to a few minutes on each occasion. Twice during the day, however, Mrs. Roosevelt made exceptions to her rule. Miss Jane Addams of Hull House, one of the most active workers for the Progressive party, called late in the afternoon and spent ten minutes with Colonel Roosevelt. She had hardly departed when two babies, twins, who were spending the first day of their lives, were brought in. As there was no possibility of a conversation between Colonel Roosevelt and the twins, Mrs. Roosevelt admitted them for a moment.

With the aid of a mirror which enabled him to catch a glimpse of the outer world without turning in bed, Colonel Roosevelt looked out at the street scenes, when he was not talking with Mrs. Roosevelt or reading.

#### Colonel Eager to be Out.

He was eager to be up and out of doors, and spoke longingly of his horse Sudar, which he was accustomed to ride at Sagamore Hill. He ate three hearty meals and said he felt "bully." The colonel found it difficult to arrange his pillows comfortably when he wished to read and a special head rest was brought in for him. It was fitted between the mattresses and the bed springs and is so arranged that the patient by turning a wheel can elevate his head and shoulders to any desired angles. Colonel Roosevelt had his doubts as to whether he would like it and Dr. Terrell volunteered to test it. The head rest was fitted to the bed in the adjoining room and the doctor after testing it, he said, until his back was lame, told Roosevelt that he would change beds with him at any time he desired. The change may be made tomorrow.

#### Negro Creates Excitement.

A negro who attempted to force his way into the hospital, saying he "had got to see Roosevelt," created momentary excitement today. The man entered the main door and went to the elevator shaft, where he was stopped by a watchman.

"I've got to see Roosevelt," he said. "I'm a preacher and I've got a special mission."

The man was ejected unceremoniously, and went away. No importance was attached to the attempted intrusion.

#### LAND CABLE CUT.

Mexico City, Oct. 17.—The land cable between Paso Del Mancho, state of Vera Cruz, and Vera Cruz, the capital of that state, was cut this afternoon. The last message that came over the wires said that the gunboats were again in command of Commodore Azueta, federal, and that he was preparing to bombard. The consuls have protested.

There is only one passenger boat in the harbor, the Monterey, and it is has been asked that its sailing be deferred with a view to affording a means of escape for non-combatants.

#### ON VERGE OF BREAKDOWN.

St. Louis, Mo., Oct. 17.—E. G. Lewis, the publisher, on trial for the second time in the United States district court on charges of using the mails to defraud, is on the verge of a nervous breakdown and unfit to undergo the strain of another trial according to a physician's statement presented to Judge Willard to day by Lewis' chief attorney.

#### ENDORSE TAFT.

Philadelphia, Oct. 17.—President Taft was endorsed for re-election at a meeting of Republican county chairmen of Pennsylvania held here to day. Another resolution calls upon the state committee to purge that body of members who are not supporting the Taft ticket.

#### MARCONI'S EYE REMOVED.

Rome, Oct. 17.—William Marconi's right eye was removed to day. Mr. Marconi was seriously injured on Sept. 25, in an automobile accident near Burguretto. He was removed to the hospital of the naval quarters. A consultation of physicians was held on Tuesday when it was decided to operate, the removal of the right eye being deemed necessary to preserve the sight of the other.

#### MAJOR JENKINS DIES.

Charleston S. C., Oct. 17.—Major Micah Jenkins captain of the famous "Silk Stocking Troop" in the Rough Riders in the war with Spain, died here to day aged 56. He was deputy collector of internal revenue here. He was made a major for gallantry at the battle of San Juan Hill.

#### FREAR RE-APPOINTED.

Beverly, Mass., Oct. 17.—On recommendation of Secretary of the Interior Walter L. Fisher, President Taft has decided to re-appoint as governor of Hawaii, Walter F. Frear against who charges were made last spring by Hawaiian Delegate Kalania Naole. Mr. Fisher made a special trip to Hawaii to investigate the charges. He reached the conclusion that the charges against the governor were not well founded that they arose chiefly from a misunderstanding and that the re-appointment of Governor Frear would be greatly in the interest of the island and the country at large.

#### FINAL EFFICIENCY TESTS.

Chicago, Oct. 17.—Preparations will hum in the vicinity of midway tomorrow, with Chicago and Iowa finishing their practice.

The Hawkeye forces will arrive tomorrow afternoon and two squads will stage their final efficiency tests at close quarters.

### ACCIDENTS AND OTHERWISE

**Body Discovered in Canal**—An unidentified man, bearing evidences of foul play, was discovered on the canal about one and one-half miles south of Channahon by William H. H. H.

**Girl Tries to Take Own Life**—Dolores Middendorf, 16 years old, attempted to take her own life by using carbolic acid Tuesday evening at her home, 1115 North Rutledge street, Springfield. She was found by Mrs. Irwin L. Duncan, 1625 East Edwards street, who visited the Middendorf house in the absence of the girl's father, and the effects of the drug were counteracted. Remorse over some alleged wrong which she had committed was thought to be responsible for the act. She wrote a note before taking the acid, asking forgiveness of her father and saying she was sorry for the wrong she had done.

**Engineer is Killed**—Engineer Edwin Brown died at LaSalle as a result of injuries sustained in a railroad accident which occurred Monday night in the yards of the Burlington at Spring Valley.

**Broken Arm Due to Fall**—Frank Egling, the 7 year old son of Mr. and Mrs. Joseph Egling, 30 West North Grand avenue, a student at the Enos school, fell, his left arm being broken, at Springfield, while playing in a school yard.

**Commits Suicide by Shooting**—Antoni Linek, 1610 Watch avenue, a miner employed by the West Coal company of Springfield, ended his life shortly after 4 o'clock Wednesday afternoon just east of the C. & H. & D. tower house by shooting himself in the forehead. Death followed immediately. He was 28 years old. He had been drinking heavily.

**Death Caused By Inhaling Gas**—James Thesakin, 505 East Madison street, Springfield, employed by Peter Bolakas, who conducts a lunch room at 215 North Fifth street, died at St. John's hospital from the effects of inhaling gas in his room. He was 21 years old.

**Automobile Wrecked**—Jonathan Schieckedance, a prosperous farmer residing near Pontiac, was crossing the Alton tracks in a fine, large automobile when the engine died right on the rails. A fast express came thundering along and completely demolished the car and the occupants had a narrow escape. The train was stopped and the people taken to Pontiac.

### THE GREAT ROAD.

A blazed trail from Springfield to Alton, via Jacksonville, Roadhouse, White Hall, Carrollton and Jerseyville, with a good roads club in each of these towns pledged to make the "trail" famous as a highway, is the scheme now being agitated. The first step is to blaze the trail, and this is now being done, not by hacking notches in the trees of the primeval forest, as in pioneer days but by painting a four-inch white band on the telephone poles along the route. After the pale-faces of the Twentieth century shall have expended all their ingenuity and scientific skill in making a road fit to travel on at all seasons, it will be in order to make it still more famous by naming it for some old Kickapoo or Pottawatomie chieftain who used to rove over these prairies.

But the promoters haven't planned that far ahead yet. They are blazing the trail now and getting ready to organize the clubs. The name will come in time. Whatever it is, they hope it will be a good one.—Carrollton Patriot.

### BEGIN INVESTIGATION.

Washington, Oct. 17.—The department of justice to day began an investigation of the reported assault at Kansas City, Mo., on H. E. Pearce, recently a witness at the dynamite conspiracy trial in Indianapolis. The investigation was requested by United States Attorney Miller.

### STATE NEWS.

**Petersburg Bond Issue**—The city of Petersburg has voted a bond issue of \$15,000 for a sewer system.

**Horse Show**—A horse and colt show of large proportions is in progress at Bushnell.

**Expelled From Navy**—Daniel F. Kauffman of Peoria has been expelled from the navy for base conduct in alluring a young woman from her home, living on her earnings and finally deserting her. When these facts were discovered Kauffman was invited to leave the service.

**Relieved From the Police Force**—Officer Schofield of the Peoria police force has been temporarily suspended for alleged complicity in gambling business.

**Mistook the Hat For Cuspidor**—In a Peoria Court Attorney Charles S. Stubbs mistook the hat of Thos. S. Hunt, a justice of the peace, for a cuspidor, as it had been placed on the floor, and expectorated a lot of tobacco juice into it. As soon as he saw his mistake he at once took the hat and cleaned it as best he could and apologized profusely, but it took lots of effort to satisfy the owner of the hat that it was a mistake.

**Sends for His Family**—Early last August John D. Lesch of Winslow left his family without any explanation and no one knew of his whereabouts. He had borne a good name and was highly respected and left his affairs in a shape to settle his debts. A short time since he wrote from the Dalles in Oregon, sending for his family.

**Ryan Case Finally Won by Rock Island**—The appellate court affirmed the judgment of the local circuit court in the case of Thomas Kelly administrator of the estate of Katherine Ryan vs. Rock Island railway to the effect that the complainant had no right of action. Miss Ryan four years ago, while about to board a passenger train at Ottawa street, slipped and fell under the wheels of a coach. She lost a leg and died from her injuries.

**Diphtheria Quarantine Continues**—The lid is still on tight at McLeansboro so far as the precautions against the spread of diphtheria is concerned. The schools have been closed for a week with no prospect of being opened for at least another week. No public meetings of any character are permitted.

**Confesses Killing Officer**—Andrew Rowan confessed in the circuit court at Decatur that he fired the shot that killed Policeman Carl Besalecki. Rowan fired the shot when the policeman climbed into a box car in which the negro and two companions were hiding. All escaped, but two were captured the following day. Rowan's home is in Arkansas.

**Veteran Plans His Own Funeral**—Leonard Ketchum, a veteran of the civil war, who made all arrangements for his funeral eight months ago, was buried at Medora. He was 70 years old. Horace Warner of Challacon, a comrade of the dead man, carried a large United States flag at the head of the funeral procession. Immediately following the hearse the soldier's aged saddle horse, riderless, followed, bearing on its back its master's army saddle, carbine, saber and scabbard and knapsack which Ketchum used during his four years' service in the civil war.

**Justice Marries Troubled Couple**—After a stormy experience of three weeks, Ira Livesay of Petoka, and Miss Helen Antrim of Joliet, were married. Arrested at Joliet on charges lodged by the girl's parents, the young folks went to Petoka, where they were again apprehended. Finally securing her parents' consent to the marriage, the 16 year old girl secured a license at Petoka, but was refused unless the girl's mother appeared and gave her consent. The written consent was held invalid. They then went to Ottawa and were refused a license there. Finally returning to Joliet the mother accom-

panied them to Justice Howk's office where the romance culminated in marriage.

**State Hog Serum Supply Exhausted**—The supply of hog serum, the preventive of hog cholera, is practically exhausted. The demands have been so great that the officers at the state biological laboratory at Springfield report that most of that obtained during the summer is now gone. Demands for four times the quantity that can be supplied by the state laboratory have been received. The hog cholera epidemic is general over the state. Its increase has been alarming. The cholera is not confined to any one district. Every effort will be made by the state officers to combat the disease and prevent a further spread out because of the lack of facilities for producing serum it is feared that losses will be even greater than last year.

**600 New Members in Y. M. C. A.**—Six hundred new members is the goal set by officers of the Elgin Y. M. C. A. on the eve of the big three days' inter-city membership campaign with the Aurora association, which is now on.

**Eastern Star Grows**—Statistics presented by Cassius Gregory, worthy grand matron of the Order of the Eastern Star, at the thirty-eighth annual session of the grand chapter of Illinois, showed that the order now numbers 66,002 members, of whom 15,000 live in Chicago.

Representatives from thirty-one jurisdictions were present. The next assembly of the general grand chapter will be held in Chicago on September 23, 1913.

### QUICK RELIEF FOR RHEUMATISM.

George W. Koons, Lawton, Mich., says: "Dr. Deitchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began the use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Allcott, druggist.

### "THE ROSARY."

"The Rosary," the play which was the talk of the country last season, is repeating this season. This successful play of Edward E. Rose's, which is founded upon an emblem of purity, is a tale of everyday life in which the good is exalted over the evil, showing the principal characters of a Catholic priest as the modern day finds him. It is through the priest that a misunderstanding in the Wilton family is correctly adjusted and the misery and estrangement cleared up, intermingled with the valuable moral effects of the show is a beautiful love story and also an abundance of comedy that the average theater-goer doesn't expect to

witness owing to the title of the play. Undivided strength is attached to the cast, which will consist of John Drury, Edith Winchester, Florence Keen, Gerald Clute, Oliver Hindsell, Lee Orland Bess Marshall, William Corners, Harry Gotschall and Bud Schaffer.

"The Rosary" with the entire staging that Rowland & Clifford have so handsomely given the play will be seen at the Grand Saturday, Oct. 19. Special matinee.

**RATHER REMARKABLE FROM THE FARM**  
G. W. Spangle, who lives near Ottumville, threshed a field of thirty acres of clover, which averaged two bushels to the acre. The clover was sown in the wheat last February and a wheat crop harvested from the same field this season.  
Henry Kruger, a Wisconsin farmer boy, paid \$104 for a peck of wheat at the Omaha corn show.  
Jacob Adkins, who farms the G. L. Bollinger farm on Prairie creek, east of Mason City, has a record breaking hill of potatoes.  
In the hill, from one vine, were eight large and well developed tubers, beside several small ones the size of a marble and up. The eight potatoes weigh eight pounds and two ounces and when placed end to end measure thirty-nine inches. When placed one on top of the other the pile is twenty-nine inches high.

### THREE HOME RUNS FEATURE CONTEST.

Chicago Americans Overcame Cub Lead and Won Game by Ninth Inning Batting Rally in Which They Score Four Runs.

Chicago, Oct. 17.—The Chicago American League club today tied up the series for the city championship in a grand ninth inning rally. Cheney weakened and was relieved by Richie, who was wild. Lavender then came to the rescue and the first man to face him hit for a triple, clearing the bases and putting the American league on even terms with their opponents.

Lange pitched masterly ball, two runs being scored against the Americans in the fourth inning, when Lord misjudged Miller's high fly in the eighth inning, the ball going to the fence, Miller taking three bases, then scoring on a double by Zimmerman, which made the game look safe for the Nationals.

Walsh relieved Lange in the last inning and held his rivals scoreless. The final score was 8 to 5. Scores: Nationals, A. B. R. H. O. A. E. ### FANS CONGRATULATE BOSTON RED SOX.

Team Makes Triumphant March Through City and Then Disbands. Boston, Oct. 17.—A triumphal march through crowded streets and a mass meeting of congratulation in Faneuil Hall, closed the season to day and the activities of the Red Sox, the new world's champions, as a baseball team. After they had been lauded as the "greatest team ever," by Mayor Fitzgerald and the sentiment had been applauded by several thousand fans, the players dispersed not to meet again as an organization until next year. Some left for their homes to night, others will follow before the week is out.

Within a few days the players will receive checks for their individual share of the world's series receipts. They will get more than \$4,000 each, a greater sum than the salary of many of them.

### MONUMENT FOR KEYSTONE SOLDIERS DEDICATED.

Culpeper, Va., Oct. 17.—In the presence of a representative assembly, including veterans of both the union and confederate armies, a monument commemorating the valor of the soldiers of Pennsylvania who are buried in the national cemetery here was dedicated to day.

The memorial was erected under a provision of the Pennsylvania legislature. Governor Tener of that state and his staff and a large delegation of citizens who served in Pennsylvania regiments during the war were present.

The memorial is of granite and is 13 feet square at the base and rises 30 feet, being surmounted by a large granite ball. The monument was not erected in commemoration of an particular battle, for Culpeper was the center of a number of skirmishes and battles, nor for any particular organization.

The inscription in the base of the monument is as follows: "Pennsylvania remembers with solemn pride her heroic sons, who here repose in know and unknown graves. May their sacrifices be an inspiration to the people and promote civic virtue, love of liberty, peace, prosperity and happiness in all the states. Dulce et decorum est pro patria mori."

### FIRST CONGRESS OF PATHOLOGY

Paris, Oct. 17.—Scores of noted medical scientists representing nearly all of the leading nations of the world, are attending the first international congress of compared pathology, which assembled in Paris today for a session of five days. The congress will give its attention not only to questions covering the whole series of diseases common to men and animals, but also to the relations that may exist between the diseases of different species.

### PLAYS AND PLAYERS.

Laurence Irving has produced "The Typhoon" in England.

A. H. Woods has the book of a comic opera, "The City of Broken Hearts."

Cohan and Harris are to produce a play this season by Roy Atwell, called "The Frame-Up."

Alla Nazimova will appear in the title role of "Balla Lonna" at Atlantic City, N. J., in November.

It is reported that Arnold Daly will return temporarily to vaudeville, presenting "A Comedy of Vices."

The play written by Louis N. Parker and Devere Stackpole for the use of Madame Simone is of a romantic order.

Sarah Fraux, who is now playing in a stock company, may star next season under the management of the Shuberts.

It is said Sarah Bernhardt will come to America for a vaudeville season, according to her contracts with Martin Beck.

Oliver Morosco, a well known western manager, is to build a theatre in Los Angeles, Calif., solely for the production of new plays.

Adele Rowland has been engaged for a leading role in San Bernar's new production under the management of the Shuberts.

This winter there will be simultaneous productions of the play "Milestones" in New York, Paris, London, Chicago, Vienna and Budapest.

Antoinette Waller, who had the leading feminine role in David Warfield's "Music Master," has been engaged for the cast of "The Yellow Jacket."

"Shaw's drama, "Fanny's First Play," has made such a hit in New York that the Shuberts will organize another English company to present the piece in Chicago.

Henri Bernstein, author of "The Thief," is writing a play for Charles Frohman in English. As the author's mother is an American, this feat should not be so difficult.

"The Master of the House," the new modern American drama being presented by the Shuberts, is to be given both in England and Australia during the current season.

Winthrop Ames, who now controls the Little Theatre is to have another house in New York to be called the Gotham. It will seat 800 and will be opened about the holidays.

Helen Ware will appear under the Harris management this season in a play Elmer B. Harris called "The Little Marriage," which will be produced after the coming elections.

William Hawley, who starred last season in "Dear Old Billy," will appear this season in Piner's "Dandy Dick," in which he acted two years ago in England, Australia and elsewhere.

Rida Johnson Young has written a new musical comedy called "The Girl and the Minn," in which Helen Lowell will have the leading part. The music is by Jerome Kern and the lyrics by Paul West.

### STENOGRAPHERS IDENTIFY McNAMARA'S LETTERS.

Former Employees on Witness Stand Federal Investigation of Pearce Assault.

Indianapolis, Ind., Oct. 17.—In the "dynamite conspiracy" trial to day Miss Mary C. Dye, Pittsburg, Pa., and Miss Nora E. Haley, Chicago, former stenographers for the International Association of Bridge and Structural Iron Workers, were the witnesses. Their testimony was devoted to the identification of letters which John J. McNamara, secretary of the union, kept in files and which the government charges implicate the 45 men on trial in a conspiracy for the illegal transportation of explosives on passenger trains.

It will be several days before the testimony of "Identification" witnesses is completed and before McNamara takes the stand.

District Attorney Miller said to day that he had heard word from U. S. Marshal Martin at Kansas City that federal authorities are investigating the reported assault on H. E. Pearce, a hotel clerk who testified at the trial.

### TO SPEAK WITH WILSON.

New York, Oct. 17.—Representative Oscar W. Underwood, recent candidate for the Democrat nomination for president, will speak from the same platform with Governor Wilson at Carnegie hall on Saturday night. The announcement was announced to day by Democratic Chairman William F. McCombs after a conference with Mr. Underwood.

Mr. McCombs has asked Western Democratic leaders to meet him in Chicago the first three days of next week for final conferences over campaign matters.

### A GOOD WORK.

Robert Cunningham has come down from Chicago for a short visit with his friends here before going to Los Angeles, Calif., for the winter. He has been engaged in copywriting work in the great city and has distributed thousands of pages of gospels and tracts. He makes a specialty of the gospel of John which he has bound in a neat cover and goes to all kinds of places, even the lowest down, and leaves his good literature and says he never has been molested though at times the police have advised him not to enter.

One day he saw on the street a young woman whom he at once took for a stranger and possibly a victim to be and at once he made himself known and found she was from Ohio and had been lured to Chicago by an unprincipled man. He took her to a good place, notified her friends at home and they sent money for her return.

Mr. Cunningham says the need of work among the vast multitudes of foreigners and others in the great city is wonderful and should have more attention and the indifference of nearly every person is distressing.

### THE TEMPERATURE.

The temperature for Thursday, according to G. H. Hall, weather observer at Alexander, was: Maximum, 72; minimum, 47.

## DIRECTOR JAY TAKES FEATURE

### BESTS WARD DILLON IN CHAMPIONSHIP EVENT.

Came in Strong in Second and Third Heats and Proved an Easy Victor —Princess Todd Takes Kentucky Stakes in Straight Heats.

Lexington, Ky., Oct. 17.—The championship stallion stake, pacing division for foals of 1909, and the Kentucky stake for three year old trotters were the principal races on the program of the Grand Circuit meeting here to day. The stallion stake was a two-horse race between John G. Cecil's colt, Ward Dillon and A. J. Clark's colt, Director Jay. The former won the first heat, but Director Jay came strong in the second and third heats and proved an easy victor. The Kentucky stake was taken in straight heats by Princess Todd. The result was never in doubt in either heat.

Summary:  
2:14 trotting, purse, \$1,000.—Peter McCormick (Jamison and Shuler), won; Mac's Mack (McDonald), second; Doctor Ward (Murphy), third. Best time—2:09 3/4.  
2:10 trotting, purse, \$1,000.—Cinnamon (Jamison), won; Fern Hal (Hodson), second; Prince K. (Plick), third. Best time—2:08 1/2.  
Kentucky stakes, three year old trotters, purse, \$2,000.—Princess Todd (Murphy), won; Santos Maid (Cox), second; Fanella Watts (Chandler), third. Best time—2:11.  
Championship stallions' stakes, foals of 1909, pacing division, purse, \$2,200.—Director Jay (Murphy), won; Ward Dillon (Davis), second. Best time—2:08 3/4.

### BOY WHO SACRIFICED LEG TO SAVE GIRL MAY DIE.

Gary, Ind., Youth Suffers Relapse Soon After Young Woman He Helped Leaves Hospital.

Gary, Ind., Oct. 17.—Willie Rugh, the newsboy, who, a few weeks ago, allowed surgeons to amputate his crippled leg that sufficient skin might be obtained to graft upon the buried body of Miss Edna Smith, has suffered a relapse and last night was reported to be in a serious condition at a hospital here. The turn in the boy's case came a short while after Miss Smith had been released from the hospital, convalescent and nearly well. Before leaving the institution, Miss Smith knelt before her benefactor's bed, offered a prayer for him and then kissed him good-bye.

### MAKES CHICAGO HEADQUARTERS.

New York, Oct. 17.—Chicago will become headquarters for Senator Joseph M. Dixon, chairman of the National Progressive party after next week it was announced to day. Senator Dixon probably will remain in the west until the election. Medill McCormick, vice chairman of the committee, arrived in New York to day from the west.

### ONLY BUILDING OF ITS KIND.

Structure Used Exclusively for Educational Activities Dedicated.

Albany, N. Y., Oct. 17.—Scores of distinguished public men and educators of this and other states joined to day in the dedication of the New York state educational building, the only building erected by any American state or any foreign country for the exclusive use of its educational activities. The dedicatory exercises were combined with the one hundredth anniversary of the act of 1812, which laid the foundation upon which the New York system of education has been constructed and maintained.

A reception in honor of the delegates representing educational institutions throughout the country was held in the new building this morning. Whitelaw Reid, ambassador to Great Britain and chancellor of the University of the State of New York, delivered the opening address at the dedicatory exercises this afternoon. Gov. John A. Dix, on behalf of the state, presented the building to the board of regents, for whom acceptance was made in an eloquent address by Vice Chancellor St. Clair McKelway. Dr. Andrew S. Draper, commissioner of education of the state of New York, then proceeded to deliver the dedicatory address. The exercises concluded with brief congratulatory addresses by former Governor Benjamin B. Odell, Jr., and others.

The building dedicated to day was erected at a cost of \$4,000,000. It is a structure of imposing beauty and classical design. One of the leading features is a great auditorium, occupying two stories, with a gallery and promenade on three sides. The ground floor is given over to offices. On the second or main floor of the building is a great central rotunda whose dome soars 90 feet to the top of the building, and whence radiate the main halls of the library.

To the rear of the rotunda extends the wing in which are housed the main reading room and the book stack of the state library. Other large connecting chambers are given over to the law, medical and technical libraries. In the western half of the building is the legislative reference library. The whole of the top floor is given over to the state museum, which will occupy four immense rooms. The principal room is 570 feet long and is not equalled in open and identified space by any other museum in the country.

### JUSTICE COURTS.

Maurice McLain was fined \$3 and costs in Squire Dyer's court Thursday on a charge of disorderly conduct.

"Sport" Doyle was sentenced to four months in the county jail in Squire Dyer's court Thursday, on a charge of vagrancy.

## STATE BAPTIST CONVENTION.

### Tuesday Afternoon Session.

Rev. B. E. Allen, pastor of the live Baptist church at Napoleon, gave a stirring talk on "Can the Rural Church be made a success in the 20th century?" At a country life conference held at DeKalb not long ago, it was stated authoritatively that there are to-day in our state 1,700 country churches unused, not counting those that have been sold and now used as house, barns and the like. What is wrong? It is said: "If we cannot save the American city there is no use of sending missionaries to the foreign fields. If we cannot save the rural districts, we cannot save the American city."

Mr. Allen declared that the minister who can successfully lead a country church in the 20th century must be a man of vision to appreciate the needs and opportunities. A man who can with patience educate and lead the people to the larger work for the community interest. A man content to stay long enough to work out the new ideals. Such men can succeed in the country churches and enable these churches to contribute their full quota of strong men for the city and nation.

### Election of Officers.

According to the revision of the constitution of the Illinois Baptist state convention the election of officers was held by ballot and Mr. A. A. Curry of Jacksonville was unanimously elected as president and Rev. C. D. Eldridge of DeKalb as the state convention secretary.

### Tuesday Evening Session.

Dr. Abraham LeGrand, D. D., gave the address of welcome in behalf of the churches of the city, and the citizens in the name of the Baptists of Quincy. Mr. A. A. Curry of Jacksonville, the president, responded to the cordial words of greeting in fitting words of appreciation.

An address on the state convention and the larger cities was delivered by Rev. F. L. Anderson, D. D., of Chicago. He said: "It has been said that no country is safe with its cities in the hands of the enemy, and furthermore, the same authority has declared that the world has no use for a religion which fails at the point of supreme importance. American Christianity is being put to the test in the great centers of population."

"The most strong character of our national life is the growth of our cities. Forty per cent of the people are to-day living in the cities. From 1900 to 1910 the city population increased 35 per cent, while the rural population increased only 11 per cent; 61 per cent of the people of Illinois live in the cities. The urban population increased during the decade 30 per cent, while the country population only increased 3-10 of one per cent. In 50 counties of Illinois there was an actual decrease of population. The total increase in the state was \$17,000, while in the county of Cook, in which Chicago is located, the increase was 455,000 in the same decade. In other counties in the state outside of Cook county it increased just a little more than 250,000. The most congested block in the city of Chicago contains 2,096 people, 1,150 of them children. In one block in South Chicago the following nationalities are represented: Serbians, 35; Croations, 24; Montenegrins, 17; Hebrews, 27; Macedonians, 22; Bulgarians, 18; Irish, 14; Slavonians, 8; Germans, 8; Russians, 8; Roumanians, 3; Lithuanians, 3; French, 1—a total of 735. "In conclusion of the whole matter for this there must be a larger vision and a larger co-operation on the part of the state with the Baptists of Chicago so that we shall have indeed one great convention doing work in every part of the state, and especially attacking the problems at a most strategic center of Illinois."

### Women's Session.

The afternoon session opened with devotionals, with Mrs. A. LeGrand of Quincy as leader. Mrs. Miller of Highland Park sang a beautiful solo. The roll of associations was called; but eight reported. The report of the nominating officers was read by Mrs. W. H. Tate of Evanston, and the following officers were elected: President—Dr. Etta R. Hilton, of Chicago. First vice president—Mrs. D. P. Scott of Kankakee. Second vice president—Mrs. Martha V. Higman of Morgan Park. Recording secretary—Mrs. Oscar Wiley of Chicago. Foreign corresponding secretary—Mrs. E. R. Sowerby of Canton. Home corresponding secretary—Mrs. W. P. Topping of Elgin. Mrs. Harvey Bush, young women's director of Illinois, reported for the young women's work. Miss Helen M. Rawlings, missionary in China, gave an address, and put before the audience the necessity of the education of girls in China. A most interesting exercise which had been prepared by Miss Pease and Mrs. Bush, was given by fourteen Quincy young women, showing forth the work of both the foreign and home society. The afternoon closed with a conference of impressions of the meeting.

Rev. James H. Davis of Danvers spoke on the subject, "The State Convention and Rural Communities." He said in part: "Three factors in this problem: 1. The social element. One of the greatest obstacles to country church work is the temptation to social frivolities among which the dance and the card parties are prominent, the former in the country and town and the latter especially in the town. The conversation at these places is anything but helpful. Jealousies, bickerings and neighborhood gossip predominate. Some one has said 'the reason for all this small talk is because we know each other too well.' Rather, is it not because we do not know each other well enough. That is, we do not know the better side of each other's nature. It takes the church, wisely directed and rightly organized, to discover to each other this higher, this religious side of our nature."

Do you realize that there are some 20,000,000 of such boys and girls without the mental stimulus they ought to have? Very few helpful books. Often none at all. The time has come when we ought to provide in our theological seminaries a special course of training for a country pastor, with a professor who knows the country life with all of its sweetness—yes and with all of its bitterness and loneliness and hunger for higher things, which only an aspiring boy who has grown up in the country and experienced these things can know. Mr. Davis classified the problem of the rural communities as social, intellectual and religious. He declared the solution for these problems to be better pastors, better organizations, and better equipment. Mr. Davis urged the appointment by the Baptists of the state of a rural secretary to give his entire time in the interests of the country churches. Wednesday Morning Session. After the devotional service, led by Rev. J. C. Oranger, Dr. E. P. Brand, superintendent of state missions, introduced the missionaries and field workers of Illinois. Rev. M. S. Bryant, pastor of the students' church of Champaign, spoke of the important work inaugurated by the Baptists at the university center. Rev. A. C. Hodgson of Chillicothe; Rev. Clyde Milsner of Glasford; Rev. Booth of Pawnee; Rev. C. H. Remus of Danville; Rev. V. Colbert of Collinsville; Mr. W. S. Beckman of Pisgah; Rev. N. O. Peterson of Lena; Rev. Frank Dunk of Olesburg; Rev. Samuel Hoekstra, of Marcelles; Rev. George H. Yule, of Mendota; Rev. W. R. Johnson, of Whitehall; Rev. W. H. Parker, of Erie; Rev. A. H. Ford, of Colchester, were the field workers who gave interesting talks of their fields and service. Dr. E. P. Brand, state superintendent of missions, delivered the annual address before the convention this morning. Mr. Brand made a vigorous appeal in behalf of the foreign and negro population in the state and urged that \$25,000 be raised to prosecute the work this year. Sunday School Evangelism. Rev. J. F. Mills, Ph. D., of Danville defined evangelism as the leading of the individual to a personal surrender to Jesus Christ as Savior and Lord. Are we doing this work well in our Sunday schools? Evidently not, when we lose from sixty-five to seventy of our enrollment when they reach the teen age. Why this loss? Because we fail to evangelize and establish them in the church. Eighty-five per cent of our church membership comes from the Sunday school; we are losing more than one-half of our best constituency. Let us win, hold this seventy per cent for a day? By a greater emphasis on personal evangelism. This needs emphasis, because it concentrates our efforts and prevents a waste of energy; we aim straight at the mark. It increases our interests in the individual and makes it possible for us to deal directly with his personal needs. Personal work will reach those who can never be touched by a general effort. We must have men to lead our boys of the teen age and women for our girls. The new life must be cultivated by the teacher and pastor in connection with the work of the church. If Christian numbers must be encouraged to cooperate in winning others for the Master. A WONDERFUL DISPLAY OF FINE FURS. The announcement of E. Jenkin that he would have on display the last three days of this week a choice assortment of furs at his new store, 15 west side square, near the southwest corner, attracted a great many ladies yesterday to his place of business yet, no one who visited the place had any idea of the magnitude and wealth of the display. The fur bearing animals from all parts of the globe have been used for the purpose and the result was a display of furs ranging all the way from \$5.00 a set up to the most costly running away into the hundreds. Mr. Durlacher of New York, representing one of the largest houses, is assisting Mr. Jenkin and is showing such a variety and grand assortment of furs as this city has seldom seen. In addition Mr. Jenkin does a regular ladies' tailoring business and is prepared to please the most exacting in that line. His electric sign is a unique affair, alternating red, white and blue colors, showing the loyalty of the proprietor. The display will continue Friday and Saturday. TEACHERS MEET AT GALESBURG. Galesburg, Ill., Oct. 17.—The members of the Military Tract Teachers' association, which embraces a large section of central and northern Illinois, rounded up in this city to-day for their annual meeting. The sessions will continue over Friday and Saturday. The program provides for addresses by many well known educators and others, among them Superintendent Edwin G. Cooley of Chicago, Prof. Edward A. Ross of the University of Wisconsin, Charles A. Bennett of Bradley Polytechnic Institute, and Luther Halsey Gulick, head of the Russell Sage foundations. NO MORE SORE FEET. Ask About EZO for Weary, Aching Feet, Bunions and Corns. If your feet are tender, sore, burn and sting and keep you feeling miserable all the time go to Coover & Shreve today, lay down 25 cents—say I want a jar of EZO. It is sold on money back plan. Then rub on EZO and rub out agony. All pain will vanish like magic, and you'll have as good a pair of feet as anyone on earth. EZO is a refined ointment that quickly soothes and heals sun burn, chafing, prickly heat and eczema. ATTEND AGENTS CONVENTION. D. C. Diltz, local agent for the Chicago & Alton, and M. E. Connolly, telegraph operator at the local passenger station, spent Thursday in Peoria where they attended the meeting of the Traveling Passenger Agents' association. The visitors were entertained with an automobile ride around the city and a boat ride up the river. In the evening they were given a banquet.

At the time of his appointment to the professorship he was pastor of Grace church in New York city.

Frank Foster of Alexander was a business visitor in the city yesterday.

### A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit inoculated with the germs became bald in six weeks' time. It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide. Accept no substitute. "Destroy the cause you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

## A GOOD RESOLUTIONS

Those that make for comfort, convenience and economy and are lived up to—such are the resolutions to install gas in the home, as a means for lighting, heating and cooking. Certainly no intelligent man or woman today would be without gas unless they were where it could not be secured. As a matter of fact, people in the country realize so fully its advantages that they have imitated it by installing acetylene plants, which are extremely costly. However, for the small sum of \$1.25 per room, you can have gas in your home. Why not see us today about this matter?

Decoration Day is past but we are still selling monuments. Is your cemetery lot as you would like to have it? If not, you should consult us at once as we now have the largest and most artistic stock of monuments ever assembled in this part of the state.

We have all the leading monumental granites in stock but would especially call your attention to the FAMOUS

## Montello Granite

the most beautiful and enduring granite in the world; the granite which was accepted for the famous Grant Sarcophagi at Riverside Park, New York, and many other national and state monuments. Why? Because of its beauty and enduring qualities.

You will make a serious mistake if you order a monument without first seeing and ascertaining the merits of this granite. BEWARE of others just as good, for there are none.

Examine the Montello Granite in your cemeteries and compare it with other granites and judge for yourselves.

Call and see us at any time; we will appreciate it, and you will profit thereby. Quality with reasonable prices is our motto. All work guaranteed.

NOTICE BY PUBLICATION.  
To, John L. Hargrave:

You are hereby notified, there is pending in the circuit court of Morgan county, Illinois, on the chancery side of the docket a bill for divorce from you, as defendant, by Maude E. Hargrave, as complainant, to the November term, A. D. 1912, of said court and that summons has been issued to you and Maude E. Hargrave, complainant, has filed an affidavit in this office that you are a non-resident of the state of Illinois.

You must appear on Monday, November 11th, 1912, at the court house in Jacksonville, Morgan county, Illinois, either in person or by attorney, and plead, answer, or demur to the bill filed, or the same will be taken as confessed by you. (Seal) John A. Rawlings, Clerk of the circuit court, Morgan county, Illinois.

ONE DOSE RELIEVES  
A COLD—NO QUININE.

Pape's Cold Compound Cures Colds and Grippe in Few Hours—Tastes Nice—Actly Gently.

You can surely end Grippe and break up the most severe cold either in head, chest, back, stomach or limbs, by taking a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, mucous catarrhal discharges, running of the nose, soreness, stiffness and rheumatic twinges.

Take this wonderful Compound as directed, without interference with your usual duties and with the knowledge that there is nothing else in the world which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist can supply—accept no substitute—contains no quinine—belongs in every home. Tastes nice.

J. D. Groves and daughter, Mrs. J. T. Little, have gone to Louisiana, Mo., for a visit with his daughter, Mrs. Frank Kane.

LET US REASON TOGETHER  
S. H. McCausland.

In a recent issue of the Journal appeared the assigned reasons of two prominent "have-beens" for deserting a party and its principles, for using their influence in opposing its usefulness, for impairing and undoing its achievements in order to follow the dictum of another "has-been." These gentlemen both laud Mr. Roosevelt for what he was and what he did, not for what he is, and for what he stands today. Prior to the Chicago convention he was, apparently a representative type of Republicanism. But now that he has turned his back upon and renounced all that was once almost sacred to him politically, that he no longer affiliates with this party or its principles, but like Solomon, has wandered away after strange Gods "Which be no Gods," the following him is not a matter of policy, nor yet of principle, but of sentimental "hero worship" as dangerous as it is unreasonable. No man, in this land of the free, need bind himself to any leadership or dictatorship, to subscribe to every fad and fallacy nor to chase every "Will-o'-the-wisp" into the swamps of political follies, impossibilities. Well tried and successful principles should not readily be abandoned for untried theories however plausible they may appear. It is to be deplored that this "man god" hallucination has so permeated our social fabric. It is not the result of sober, earnest thought but of reckless, unrestrained impulse.

I challenge the followers of Mr. Roosevelt to answer the following questions upon the authority of Mr. Roosevelt's statements:

1. Was Mr. Roosevelt a Republican at the time of the Republican convention at Chicago, or was he a "wolf in sheep's clothing?"

2. "Had he been nominated by the national convention would he have accepted it at the hands of the corrupt Republican party which he now denounces?"

3. "Would he have made the race for the presidency upon a thorough Republican platform?"

4. "Would he, as president, have carried out the principles of that platform?"

5. "Had he not been a candidate would he have bolted the Republican party and used his efforts to defeat it?"

6. "Would you as good Bull Moosers, have supported him as a Republican, on a Republican platform at the coming election?"

7. "Were you Republicans, or 'Tories' when you helped to nominate state and county candidates at the spring primary?"

8. "Would you have knifed those candidates if Mr. Roosevelt had ordered you not to do so?"

9. "Did you, as a Progressive, support the Progressive state candidates at the primary? If not why not?"

10. "Is it not true that your chief object is the defeat of Mr. Taft upon the presumption that nomination belonged to Mr. Roosevelt?"

11. "Is it not true that Mr. Roosevelt will be all his public career, until he becomes a third term candidate, ignore the initiative, referendum and recall bogies? Did he not again and again declare himself in favor of the recall of decisions only."

12. "Why did Mr. Roosevelt, object to Senator Cummins of Iowa accepting the challenge of Representative Bartholdt, of Missouri to discuss, until election day, the stolen convention?"

Let us briefly notice that committee. It was composed of forty-four members chosen by the national convention of 1908 to serve for a term of four years. Its members were selected because of their long political service, their extensive knowledge of public affairs, their high standing for veracity, integrity and honor. Each of these members had, for years, been in the lime light of public service and public criticism. No stain rested upon the public or private escutcheon of a single member of this national committee. Being selected four years before the convention they could have neither preference, prejudice nor favor. Mr. Root, a man of standing in the estimation of all the candidates, was selected chairman. The high standing of this committee and the uprightness of the chairman, his well known advocacy of a "square deal" is sufficient evidence that the cry of "foul play" was but a subterfuge on the part of Mr. Roosevelt to carry out his previously well laid plans in case of defeat. The chairman of each of the three contest committees affirm that during the nine or more days, in which were held day and night sessions, every contest which merited attention, was decided entirely upon evidence and facts as presented by both sides, without prejudice, preference or partiality. This assertion is substantiated in every particular by forty members of the committee.

Hearing this evidence were members of the press, representing very shade and character of politics.

Mr. Bryan says: "While there was partisan bias, as was to be expected, there was no evidence of intentional unfairness."

The LaFollette member of the committee says: "The Taft people had a decided majority on the committee, but they were most painstaking and fair in the consideration of every contest. There was absolutely no disposition to use the steam roller."

LaFollette said: "Roosevelt had organized what are now confessed to have been fake contests as to nearly 200 delegates in order to control the Chicago convention and secure his own nomination. He did not have votes enough to nominate himself on any honest basis and at the mention of Hadley, he order the third party maneuver lest he lose his followers."

Frank Munsey, one of Roosevelt's backers, says: "It was necessary for the Roosevelt people to start contests on these early Taft selections in order that Roosevelt would show hold-

ing a good hand (statesmanship). It was never expected these contests would be taken seriously. They served a useful purpose and now the national committee is deciding in favor of Taft, in most cases, without any real division. If this was theft the Roosevelt members were equally guilty with the Taft members."

Representative Bartholdt, of Missouri, a member of the national committee, I found the national committee to be men of affairs, earnest and high minded, men of integrity, experience and standing, each the choice of his state delegation for membership in the highest party council and above all actuated by the spirit of party loyalty." Compare this with Mr. Roosevelt's opinion of these men, except his few followers.

Continuing, Mr. Bartholdt says: "Having taken a seat in the front row, I was careful that not a particle of the evidence from either side escaped my attention. Mr. Chairman and gentlemen (house of representatives) it is for you to say whether in my 20 years of service in this house I have established a reputation for veracity but from a most intimate knowledge of the facts and the evidence, I again assert upon my personal honor and I am willing to reiterate before my Maker that there was not a single delegate in the Chicago convention who was not fairly entitled to a seat therein and that consequently President Taft was honestly nominated."

We have here presented to us the testimony of competent witnesses both for and against Mr. Roosevelt. There is absolutely unanimity in their expressions. Yet, Mr. Roosevelt cries "Fraud." We should give to Mr. Roosevelt and his adherents the same degree of sincerity and honesty of opinion that we demand for ourselves. Bastle is not business; insolence is not courage, nor is vituperation argument. Epithets and denunciations invariably rebound upon the head of him who utters them. How Mr. Roosevelt hopes to secure aid of his opponents by calling them "liars," "thieves," "tories," "pickpockets," "frauds," "receivers of stolen goods," "yellow streaks," "rotten borough south-down delegates," is beyond my comprehension.

Neither can I understand by what authority he ascribes all the above noble qualities to us "common" people (in the de he professes to have so have so great confidence and we not be privileged to "sass" back. Of course, such expressions coming from one of the "common" people (God save the mark) would be unpardonable and tabooed by the press. However, I will venture to drop Mr. Roosevelt this gentle reminder: "Vinegar never catches flies."

BOWELS BAD, LIVER  
TORPID? CASCARETS

If Constipated, Bilious, Headachy, Stomach Sour, get a 10 Cent Box of Cascarets—Take One Tonight.

You men and women who can't get feeling right—who have headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have back-ache and feel worn out.

Are you keeping your bowels clean with Cascarets, or merely forcing a passage every few days with salts, cathartic pills or castor oil. This is important.

Cascarets work while you sleep; cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the intestines and bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular and head clear for months. Don't forget the children. They love Cascarets because they taste good—do good—never gripe or sicken.

## BASE BURNERS

FOR WINTER COMFORT

"It's all in the flues"

"Finest Heating Stove in the World"

## Have You Seen This Poster?

It Tells the Story of a Wonderful Heating Stove

We wanted you to get acquainted with the Favorite Base Burner—that's why we had the city covered with these beautiful colored posters that you see everywhere.

We knew that if you once became familiar with the superior points of the Favorite as compared with other base burners—learned that it actually has no equal in beauty, durability, and fuel-economy—you would buy no other heating stove.

The Favorite will keep every part of your house warm all winter, and do it with from 2 to 3 tons of coal. Every square inch of this unequalled stove radiates volumes of heat which constantly circulates throughout the home, maintaining an even temperature, night and day.

The Favorite is built in a plant erected especially for the production of fine stoves. Only expert workmen are allowed to take part in its construction. Sixty years of stove experience are concentrated in it.

The many exclusive features that make the Favorite

get more warmth and satisfaction, too.

Here is Our Offer

Put the Favorite in your home. Try it for thirty days, two months, all winter, if you want to. Then, if you do not find that everything we have said of it is true, we will take back the stove, and refund your money. Can you think of a fairer proposition than that?

We could not afford to make this offer if we did not KNOW that the Favorite would back us up and do just what we claim for it. But we are positive that after you once tried the Favorite you would not part with it for twice what it cost you, if you could not get another just like it.

If money counts—if comfort counts—if the health and happiness of your family count—you cannot afford to buy or use any heating stove but the Favorite.

## GENERAL MARKET NEWS

### WAR NEWS HAS LITTLE INFLUENCE

Wheat Outcome Was Decline of 1/2 % Net—Corn Finishes Unchanged.

(By Associated Press.)  
Chicago, Oct. 17.—War news were out today as market influence despite the fact that fighting was reported between five countries. In wheat the outcome was a decline of 1/2 % net. Corn finished unchanged to 1/2 % down, oats off 1/4 % and provisions varying from the same as last night to 20c below. Although the widening out of the struggle with Turkey led to some display of wheat strength, there was not enough aggressive buying to sustain the weight of hedging sales due to the pressure of spring crop receipts northwest.

December ranged from 91 1/2 to 93 1/2 with last sales 1/2 net lower at 91 1/2.

Corn sagged owing to fine weather. Prominent longs were heavy sellers on hard spots. Argentine shipments promised to be 6,000,000 bushels for the week against none last year. December fluctuated between 53 and 53 1/2, closing steady 1/2 % under last night at 53 1/2 %.

Liberal receipts pulled down oats. December ranged between 32 1/2 and 33, and closed 1/2 net lower at 32 1/2 %.

Hogs on the down grade carried the provision market down. November was the weakest product, suffering a decline of 20c.

**CHICAGO LIVESTOCK MARKET.**

Hogs—Receipts, 26,000; market, 10c lower. Light, \$8.40 to \$9.10; mixed, \$8.50 to \$9.25; heavy, \$8.50 to \$9.25; rough, \$8.50 to \$8.85; pigs, \$4.75 to \$7.75; bulk of sales, \$8.80 to \$9.10.

Sheep—Receipts, 22,000; market strong, 10c higher. Native, \$3.60 to \$5.00; western, \$3.85 to \$4.85; yearlings, \$4.75 to \$6.00; lambs, native, \$5.25 to \$7.60; western, \$5.50 to \$7.50.

**ST. LOUIS LIVESTOCK MARKET.**  
St. Louis, Oct. 17.—Cattle—Receipts, 5,500; market steady. Native shipping and export steers, \$8.00 to \$10.80; dressed and butcher steers, \$5.50 to \$9.00; stockers and feeders, \$3.75 to \$6.50; cows and heifers, \$5.75 to \$8.50.

Hogs—Receipts, 6,400; market, 5 to 10c lower. Pigs and lights, \$6.75 to \$9.10; mixed and butchers, \$3.70 to \$9.20; good heavy, \$8.90 to \$9.20.

Sheep—Receipts, 2,000; market 15c higher. Muttons, \$4.00 to \$4.40; lambs, \$6.00 to \$7.45; culls and bucks, \$2.00 to \$3.25; stockers, \$2.75 to \$3.50.

**PEORIA GRAIN MARKET.**

Oats unchanged to 1/2 % lower. No. 1 white, 40c; No. 2 white, 33 1/2 %; standard, 33c; No. 3 white, 32 1/2 %; No. 4 white, 31 1/2 %; sample, 30 1/2 %.

**NEW YORK STOCKS.**  
New York, Oct. 17.—Foreign conditions were again factors of primary importance in the local stock market today. Formal declaration of war by Turkey against Bulgaria and Serbia called renewed attention to the tense situation in eastern Europe and advances in the British and French discount rates while not expected served as a reminder of impending as well as current events a important continental centers.

Of Europe's three leading financial institutions the statement of the Imperial Bank of Germany was a far and away the most favorable disclosing large gains in gold and cash, with a decided contraction of discounts. The British bank lost more gold, its liability reserves are much under last year's and the five per cent discount is the highest in about two years. The Bank of France also lost some gold and increased its discounts by over \$37,000,000. Firmness prevailed on the Paris bourse while Berlin was reactionary by reason of the Balkan troubles. Money was dearer in London as a result of higher bank rate and our securities evinced an inclination to sag, later however, London turned moderate buyer in this market again, taking Amalgamated copper and United States steel.

Amalgamated copper was the most feature of this market, surpassing all other speculative favorites to activity and width of movement. Shortly before the close announcement of the increase of the annual dividend from four to six per cent became known but the stock failed to equal its best figure of the morning while the rest of the list lost none of its early heaviness in several important instances making lower prices.

## YOUNG MOTHERS

No young woman, in the joy of coming motherhood, should neglect to prepare her system for the physical ordeal she is to undergo. The health of both herself and the coming child depends largely upon the care she bestows upon herself during the waiting months. Mother's Friend prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. It works with and for nature, and by gradually expanding all tissues, muscles and tendons involved, and keeping the breasts in good condition, brings the woman to the crisis in splendid physical condition. The baby, too, is more apt to be perfect and strong where the mother has thus prepared herself for nature's supreme function. No better advice could be given a young expectant mother than that she use Mother's Friend; it is a medicine that has proven its value in thousands of cases. Mother's Friend is sold at drug stores.

## Start Your Baby With Sound Health

Regular Bowel Movement From Childhood on Forestalls Future Serious Diseases.

We cannot all start life with the advantages of money, but every child born is entitled to the heritage of good health. Through unfortunate ignorance or carelessness in the feeding of a baby its tiny stomach may become deranged. The disorder spreads to the bowels and before the mother realizes it the two chief organs on which the infant's comfort and health depend are causing it great suffering. If the condition is allowed to continue grave ailments often result.

There is, however, no occasion for alarm, and the sensible thing to do—but it should be done instantly—is to give the baby a small dose of a mild laxative- tonic. In the opinion of a great many people, among them such well known persons as the parents of Melvin Babler, Van Dyne, Wis., and Mrs. Laura Highwarden, 105 Keeler street, Jackson, Mich., the proper remedy is Dr. Caldwell's Syrup Pepsin. It is a pleasant-tasting laxative, which every person likes. It is mild, non-gripping, and contains that most excellent of all digestants, pepsin.

This remedy is especially intended for infants, children, women, old people and all others to whom harsh cathartics, salt waters, pills, etc., are distressing. In fact, in the common disorders of life, such as constipation, liver trouble, indigestion, biliousness, headaches, and the various other disorders of the stomach, liver and bowels nothing is more suitable than this mild laxative- tonic, Dr. Caldwell's Syrup Pepsin.

Two generations of people are using it to day, and thousands of families keep it constantly in the house, for every member of the family can use it. It can be obtained of any druggist at 50 cents or one dollar a bottle, the latter being the size bought by families who already know its value.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address—a postal will do—to Dr. W. B. Caldwell, 412 Washington St., Monticello, Ill., and a free sample bottle will be mailed you. Results are always guaranteed or money will be refunded.

### CROP REPORT.

The reports of cereal crop productions in the United States for this year show one of the most bountiful crops in history. In almost every instance the yield has surpassed all previous years. The monthly report of the agricultural department for September shows that spring wheat, oats, barley, rye and hay have exceeded the best record productions while the crops of corn and potatoes from present indications also will be the greatest ever harvested. The production of corn is estimated at 3,016,000,000 bushels, 88,000,000 bushels in excess of the record crop of 1906. Illinois is second in the production of oats, the total yield being 182,726,000 bushels, with Iowa ranking first with a production of 219,780,000 bushels. The production of hay this year will exceed the record yield of 1909 by more than 2,000,000 tons. The potato yield as estimated will reach 401,000,000 bushels, being more than 11,800,000 bushels in excess of the record crop of 1909 and 108,000,000 more than the yield of last year.

### TO ATTEND CONSECRATION.

Montreal, Oct. 17.—Prelates and clergymen from various points arrived in this city to day to attend the services of consecration of Rev. Heber J. Hamilton, the bishop-elect of the new Canadian diocese in Japan. The consecration will take place tomorrow in Christ Church Cathedral and will be attended with all of the pomp and ceremony prescribed for the occasion by the ritual of the church.

### RETURNS FROM SOUTH.

E. F. Mitchell, who has been visiting with his brother in Oklahoma for the past few weeks, has returned and is much improved in health. He expects to resume his duties as local agent for the Burlington next Monday.

### McKINNEY HAS HOPEFUL VIEW.

Congressman James McKinney of Alamo, of the Fourteenth congressional district, was among the visitors at the Republican state headquarters recently. He had an excellent report of the Republican conditions in western Illinois. "I believe that the entire Republican ticket will win handsily throughout the territory which I represent," Mr. McKinney said. "The Republican county committees are working harmoniously and energetically and there has been a big impetus given to the Republican battle by reason of the state fair love feast. I look for the normal Republican majority in the district."

The Cook county leaders who reported to the state headquarters are highly pleased with the second day of registration returns, following the closing of the books Tuesday. There was an immense falling off of the vote in the "river" wards, where the Democratic vote has been delivered by Hinky Dink, the Bathhouse and others in the past and a great increase in the registration in the heavily Republican territory.

## YOUNG MEN COMING FORWARD

Meet in Fine Gathering and Form Young Men's Boosters' Club of Jacksonville.

In response to an invitation of Secretary Fritchey of the Jacksonville Business Men's association, a goodly number of young men gathered at the rooms of the association to form a temporary organization whose prime object is to be the betterment of Jacksonville and to inspire greater civic spirit and pride and aid in all things that pertain to the betterment of the city.

Mr. Fritchey acted as chairman of the meeting and called for remarks from all present.

In the first place Mr. Fritchey prepared cards with a list of questions each was asked to answer.

Name?  
Address?  
Occupation?  
Married?  
What is Jacksonville in need of most?  
Will you help us in our undertaking?

In which department are you most interested?  
These were filled out and handed in though not read and then each one present was asked to offer any suggestions.

Mr. Fritchey said in the main that it was his wish to have an organization which would affiliate with the business men and work in harmony with it and while it would do that it would have its own officers and have a special work to do.

It was his special desire to undertake a campaign of education and arouse more civic pride. We want to know more of what we have in Jacksonville, its enterprises, facilities, people, possibilities, prospects and all that pertains to the place.

It was his desire to start soon noonday luncheons and visits to the various factories and business enterprises of the place, so that we may all learn more of what we have, take more pride in it, boost it all we can and help get more.

To that end it was well, he thought, to have departments of work such as:

Industries,  
Retail merchants,  
Publicity,  
Public affairs,  
Rural affairs,  
Greater Jacksonville,  
Finance.

A number present made remarks and all showed an interest in the enterprise and a desire to do all possible. It seemed well to interest the young men and give them something definite to do, to encourage them and help them get to work and take some of the responsibilities of the public affairs and betterments.

It was emphasized that all done on this occasion would be temporary and the idea was to work in conjunction with the Business Men's association so as to avoid friction and scattering of forces. It was especially the desire of Mr. Fritchey to bring about a civic awakening and promote the good of the city in all ways within the power of the young men.

It was finally decided to elect a president and secretary, who would be a nucleus of a temporary organization and then have meetings and decide later what would be done in a permanent way.

Ralph I. Dunlap was chosen president and J. Rodgers secretary and the president was authorized to name three others to act with him and the secretary in appointing committees and preparing matters to be presented at the next meeting.

It was decided to call the organization The Young Men's Boosters' club of Jacksonville and it was determined to start out with all the name implies. A fine spirit prevailed and it is evident the young men will be heard from if they get right started and to work in the proper manner as now seems all likely.

A good many spoke and while ideas regarding the way to proceed differed all were agreed that they would labor faithfully for the welfare of the city in all ways possible.

Those present were Paul Fritchey, secretary of the Business Men's association and to whose fine ideas and efforts the meeting was due, W. C. Ham, Charles Ator, Byron G. Graff, W. L. McGhee, Paul E. Morrison, Walter Ealey, W. T. Suhly, Ralph Hutchinson, Fred Hopper, J. Rodgers, George Vasconcellos, Otto Speith, H. A. Goodrick, A. E. Peterson, G. H. Scott, Dr. A. C. Kingsley, Fred E. Darr, William O. Swales, R. H. Reid, J. D. Trelease, Wilfred Ayers, W. D. Gates John D. Cain, James Monroe, Ralph I. Dunlap.

The president appointed as the advisory committee, George Vasconcellos, John D. Cain, James O. Monroe, Byron Graff.

The meeting adjourned until next Thursday evening at the Business Men's association rooms. All young men interested in the welfare of the city are invited to attend.

### SUITS INSTITUTED.

Robert A. Curtis, plaintiff vs. Martin R. Joyce, Bridget Joyce, Howard Underwood and Herman Allen, defendants, bill for specific performance, is the style of a suit instituted in the circuit court.

A suit has been instituted in the circuit court as follows: J. H. Cain & Sons, complainants, vs. Allie C. Latham, George N. Latham, defendants, creditor's bill.

### ANOTHER OPPORTUNITY.

The portrait painter at Andrew & Andre's will take orders for another week. Don't miss this opportunity to get a life size portrait in bust form for \$1.00. Bring work to store, as he has no agents.

### WOMAN'S COLLEGE GUILD.

The Woman's College Guild will meet a week from tomorrow, Oct. 26th, at the college. A full attendance is requested. Mrs. Marquis of Bloomington will be present and deliver a lecture.

## TO PREPARE SEED BED FOR ALFALFA

Geo. F. Tullock, Member of Illinois Alfalfa Growers' Association, Gives Valuable Suggestions.

It is indeed fitting that this series of meetings should devote a considerable portion of its time to the discussion of subjects pertaining to agriculture. The immortal Lincoln foresaw that Illinois would become a wealthy state because of the natural richness of its soil. He further saw what a great responsibility rests upon its people in conserving this fertility and developing these lands so that its increased population would continue to be prosperous. With a vision almost prophetic, he said: "No other occupation opens so wide a field for the profitable and agreeable combination of labor with cultivated thought as agriculture. Ere long the most valuable of all arts will be the art of deriving a comfortable subsistence from the smallest area of land."

It is the purpose of this association to assist the Illinois farmer to derive a comfortable subsistence by the growing of that greatest of all legume crops "Alfalfa." Here in Illinois we are accustomed to say "Corn is King." If this is so, I am sure alfalfa is queen and much the better half at that. I believe if I were called upon to prepare a formula for a "more comfortable subsistence for the average Illinois farmer, it would be corn—no! Corn silage and alfalfa in liberal doses.

**Not a Haphazard Crop.**  
The particular phase of the alfalfa question that we are to discuss this morning is the preparation of the seed bed—the preliminary work that must be done on faith by the farmer who wishes to succeed in alfalfa culture. Alfalfa is not a haphazard crop. It is not a crop that can be dropped into a rotation anywhere. You central Illinois corn growers do not expect to get a maximum crop unless it has been preceded by the proper rotation has had proper cultivation, and has been supplied with the proper plant foods, and most important of all has the proper preparation of the seed bed. In the case of alfalfa the preparation of the seed bed is of vital importance. Hundreds of dollars are wasted annually in this state because the preliminary work has not been properly done.

The first thing that naturally suggests itself to the prospective alfalfa growers is, where shall I sow it? What kind of soil have I on my farm that is best adapted to the crop? As a matter of fact, alfalfa will do well on almost all kinds of soil if the proper conditions are complied with. And yet we hear so many men say "I cannot grow alfalfa on my farm"—in the community in fact—when the truth of the matter is they have not informed themselves as to the necessary requirements.

**Drainage Necessary.**  
It is desirable to select a piece of ground that naturally has conditions of drainage favorable. Alfalfa is a deep rooting plant and if in its downward growth it reaches the water level near the surface its growth is checked, and the plant does not get the plant food from the lower strata that it ordinarily would. Surface drainage is desirable also for the reason that ice does not so readily collect on the surface and smother out the crop. If natural drainage is not possible then artificial drainage must be resorted to. A porous or permeable soil is always desirable, but nevertheless the alfalfa roots have an amazing power of penetrating soils that seem almost impervious.

**Previous Cultivation.**  
I am more than ever convinced of the necessity for clean cultivation, previous to sowing the alfalfa, from my observation of the season of 1912. Weeds and alfalfa will not do well together, and whether you favor spring or summer sowing the soil should be free from weeds. Weeds are a severe menace in northern Illinois.

In the first place the ground should be disked and harrowed if necessary before plowing so that when the surface soil is turned under by the plow there will be no breaking up of capillary action, and so that soil moisture may continue to be brought up to the surface for the use of the alfalfa plant in time of drought. I favor deep plowing, generally speaking, for alfalfa, although this is somewhat of a broad matter and must be determined by the farmer. I wish to go on record right here as saying that you can lay down no hard and fast rule for any of these processes of farming and that the man who has the initiative—the man who is quick to see, do the right thing, and take advantage of conditions is the man who succeeds.

**Plow Deep and Pack Well.**  
There are many soils that are rather impervious below the plow line that will be benefited by some sort of deep cultivation. The amount of available moisture in a dry time is determined by the condition of the subsoil as well as the fineness of the surface soil. A soil that has been plowed, or otherwise stirred to a depth of 16 or 18 inches, will hold more moisture in suspension than will unplowed or shallow plowed ground. This is often a prominent question in summer sown alfalfa. Neither should the ground be too loose; it should be compacted in some way. It is not desirable to sow on newly plowed ground without disking, rolling or otherwise compacting the surface. One of the tools in use for this purpose is a two section roller with conical rings that does not leave the surface smooth but leaves it in ridges and in splendid condition to prevent evaporation.

If your conditions are such that you can sow it with a nurse crop in the spring and succeed, well and good. If you can grow an early crop of wheat, barley or potatoes, remove it and get a stand of alfalfa, this is good; but if your conditions are not right for either of these methods,

## 25 Cent "Danderine" For Falling Hair And Dandruff--Grows Hair

Don't Pay 50 Cents for Worthless Hair Tonics—Use Old, Reliable, Hairless "Danderine"—Get Results.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast.

A little Danderine tonight—now—anytime—will surely save your hair. Get a 25 cent bottle of Knowlton's

## WEDDING CAME AS GREAT SURPRISE

Miss Mabel Rexroat and William E. Coverly Announce Marriage in Bloomington Sept. 23—Will Reside in Chicago.

The announcement Thursday of the marriage of Miss Mabel Rexroat and William E. Coverly, both of this city, came as a great surprise to their many friends. They were married in Bloomington, Monday, Sept. 23, at 10 o'clock by Rev. H. Stoltz, by the use of the ring ceremony. The young people left the city the Sunday before and their friends thought they were going to Macoupin county to spend the day. Instead of this they went to Bloomington and on the following Monday morning were married and returned to the city the following afternoon. They had intended keeping the secret until Thanksgiving but the "news" leaked out and confession followed. The bride is the daughter of Mr. and Mrs. J. C. Rexroat of 520 West College street and until four years ago the family resided near Virginia, Ill. She attended the high school up till the senior year and since that time has been a student in the musical, literary and art department at the Woman's college and is a member of Grace M. E. church. The groom is the son of Mr. and Mrs. William M. Coverly of 636 Hardin avenue. He is taking his senior year in the dental department of Northwestern university and is also doing some practical work. He attended the high school of this city and is a member of the Central Christian church and of the Delta Sigma Delta fraternity.

Both young people are well known in Jacksonville and have many friends who will unite in wishing them every happiness in their new life. Mrs. Coverly expects to go to Chicago soon and after November 1 they will go to housekeeping on Jackson boulevard.

## IN AUTO FROM COLORADO.

Mr. and Mrs. Arthur Williams of Colorado Springs, Colo., arrived in the city Thursday for a visit at the home of Mrs. Abbie Williams, and with other relatives and friends. They made the trip in their four passenger Buick automobile. They left Colorado Springs, Sept. 19, and first went to Chicago and have been stopping there since Tuesday morning when they left for this city. They report a most delightful trip.

**SPEAKS AT BUSINESS COLLEGE**  
Hon. H. Bancroft addressed the students at the Business college Thursday afternoon on the principles of the Republican party. Representatives of other parties will be heard there during the coming two weeks.

## MATINEE HELD AT DRIVING PARK

FOUR INTERESTING RACES COMPOSED THE SCHEDULE.

2:30 Pace Warmly Contested by Five Horses and Buggy Race Was Feature of Afternoon's Program—Last Matinee to be Held Next Thursday.

Four splendid races were held Thursday afternoon at the grounds of the Jacksonville Driving club, and the program was interesting throughout and was deserving of a much larger crowd. The buggy race was a new feature. It was composed of horses that had never trained and it portrayed the fact that Morgan county has some pretty swift steeds that travel the roads. The race was won by "Maude" owned by Claude Self. Self drove his animal with such ability that he reminded the onlookers of the famous "Pop" Geers. The 2:30 pace was one of the good races and was won by White Sox, driven by Charles Massey. In the last heat "Society Bell" broke directly after crossing the wire, but finally struck the gait and the heat was exciting. "Motor" Buck had no trouble in annexing the green pace. "Little Harry" owned by Andie Beerup started in the race but the hobbles broke and the horse withdrew after the first heat. Gift Gamelon took all firsts in the free for all pace, equalling the track record set by "Heary S" owned by Clark Green, which was made last fall.

On Wednesday, October 30, the final matinee of the season will be held. It is expected to bring the biggest racing card of the season and horses will be entered from Berlin, Winchester and Waverly. On Oct. 30 and Nov. 1 races will take place at Winchester and many of the horses will be taken from here to that place.

#### REGISTERED MASTER PIECES IN PERSIAN RUGS.

The Abdol-Sleyman Co. of New York and Constantinople, at Andre & Andre's, wishes to thank Jacksonville's oriental rug connoisseurs for their generous response and courteous treatment shown Mr. A. Sleyman during his visit here this season.

Besides the many beautiful rugs placed in the better homes of the city there were two large registered masterpieces, of which Mrs. E. W. Brown secured the largest and most beautiful Registered Rug in the city and one of the finest of the kind in the state.

This rug measures 10.9x14.5 and was discovered by Mr. Bantrus Sleyman, fifteen miles east of Saruk, Persia.

One is struck at once by the wonderful delicacy of tone in the colorings in this rug. Symbolism and allegory gives each section and border its special meaning. The center of the rug represents the earth in old blues, browns and moss green, while the four corners in browns, soft reds and Gabelin blues are to represent the four corners of the earth upheld by the firmament.

There are twelve distinct borders and fifteen lines. Four river loop borders inclosed with three pomme-grandes borders which is the most beautiful motif ever made into a rug. The other large masterpiece goes to the home of Mrs. William Routt. Among others, it is a Registered Espahan and measures 12.8x9.10. So beautifully are the colors blended and harmonized that one may spend hours before such a rug in appreciation of its artistic values and study of the detail of the richly fretted lace-like borders. The prevailing colors are daisy, soft red, white, Gabelin blues, Alice greens and browns. Reds denote life; white, purity; greens, immortality; browns, and old gold nobility. The roses and vines taking its fragrance and fruitfulness.

Mr. Sleyman has promised his friends to return to the city and his previous visits and straightforward business methods has secured for him the absolute confidence of his patrons. Many have bought rugs which will enhance the beauty of Jacksonville homes and call down upon them the benediction that is often woven into the warp of Persian rugs. "May peace rest upon thy Possessor."

#### PIERRE LOTI SAILS FOR HOME.

New York, Oct. 17.—Pierre Loti, the distinguished French author and playwright who came over to attend the first performance in this city of his play, "The Daughter of Heaven," sailed for home to day on the Providence. On the eve of his departure M. Loti expressed himself as highly pleased with what he had seen of America and the Americans.

#### SOCIALIST MAYOR LODGED IN JAIL.

Arrested With Six Others After Disturbance Which Followed Attempts to Address Strikers Meeting in Streets.

Little Falls, N. Y., Oct. 17.—Mayor Lunn of Schenectady and six fellow Socialists are in jail at Herkimer, tonight. They were arrested this afternoon after a disturbance which followed attempts by the mayor, his wife and others to address strikers' meetings in the streets.

Mayor Lunn's examination is set for tomorrow afternoon. He decided not to furnish the \$1,000 bail demanded and elected to go to jail. The mayor reached here from Schenectady with his wife at noon and made another attempt to hold a public meeting on the spot where he had been arrested for speaking on Tuesday. As Mrs. Lunn began reading to the audience a policeman took her by the arm and led her away. An angry crowd soon surrounded the lockup where she was taken. After reading the riot act the arrests were made by the officers. The city was quiet today.

Miss Genevieve Blair was given a happy surprise at her home, 518 North Church street, by a number of her friends Thursday evening. They all masked, which added to the fun of the evening. They were dressed in various costumes, one girl representing "Jerusalem," "Mrs. Wiggs" and her family, "Citronelle," "Minneapolis and Pickman," also Mrs. Wiggs' maid. Then there was Dr. Mary Walker, a Red Cross nurse and other characters. It was a jolly crowd and before departure was taken light refreshments were served.

#### PASSAVANT NOTES.

Visitors at the hospital Thursday were Mrs. James Overton and son, Ralph, of Winchester, R. H. Ommen, of Chapin, Mr. and Mrs. H. E. Funk, of Waverly.

Miss Frances Miller entertained the members of the training school of the hospital at her home on Morton avenue last night.

Miss Della Davis is spending two days at her home in Franklin.

Miss Clyde Andrews of Chestnut, Ill., has returned to her duties as nurse, after a visit with home folks.

Miss Verne Smith expects to go to Perry, Pike county, Saturday to remain over Sunday. She will be a guest at the home of her cousin, Mrs. Charles Vose.

#### GRADUATING EXERCISES.

The graduating exercises of the Business college will take place this evening as formerly announced. John Merritt Driver will speak on "America Facing the Orient." Reserved seats can be had at the college free of charge and the public is cordially invited.

#### "MARTHA" SOCIETY ENJOYS BANQUET

Delightful Evening Spent by Members of Centenary Church Organization—Many Respond to Toasts.

The "Martha" society of Centenary M. E. church, composed of young ladies of that organization, held a successful banquet in the church parlors Thursday evening, at 6:30. The banquet was served by all the ladies of the church and it was a royal feast which the 70 present enjoyed. The younger girls of the congregation were guests of honor and the first half hour was given over to exchange of greetings. Dr. and Mrs. F. A. McCarty and Rev. Mr. and Mrs. G. W. Flagg and Mr. and Mrs. A. C. Metcalf were also among the guests of honor. In the receiving line were Misses Grace Potter, Lucy Royce, Ida Mills and Della Dimmitt.

After the splendid supper, Miss Ida Mills was named as toastmistress and the following toasts were given in a happy manner:

"The Marthas"—Miss Verne Smith.

"Our Membership"—Miss Ruth Taylor.

"The Dues"—Miss Grace Rapp.

"Our Ideal"—Miss Cora Potter.

"Our Guests"—Miss Esther Royce.

Response—Miss Frances Kolp.

"Our Work for Next Year"—Miss Nellie Self.

"Our Mother Society"—Mrs. J. W. Taylor, president of Women's Missionary society.

"Our Big Sister Society"—Miss Gertrude Atkins, president of the Young Woman's Foreign Missionary society.

Addresses were also heard from Rev. G. W. Flagg, Dr. F. A. McCarty and Albert C. Metcalf.

The Marthas were organized a year ago, so this was their first annual banquet. After the program was over marshmallows were toasted.

The committee in charge of the evening was composed of Miss Della Dimmitt, chairman, Misses Verne Smith, Ruth Taylor, Grace Rapp and Bessie Harrison.

#### LICENSED TO MARRY.

Edward A. Everett, Rosella Park, N. J., Myrtle K. Denney, Jacksonville.

Bert Bruce and Harry Smith of Springfield were guests of friends in the city Wednesday evening. They made the trip in their "R. C. H." automobile.

#### JOHNSON IN CHICAGO.

Chicago, Oct. 17.—Governor Johnson, Progressive candidate for vice-president will make three speeches here tomorrow it was announced tonight. He probably will confer with Colonel Roosevelt in the morning, regarding campaign plans.

#### CARTHAGE MEETS ILLINOIS TODAY

COLLEGE TEAMS WILL STRIVE FOR FOOTBALL HONORS.

Fast Game Expected When Coach Harmon's Eleven Line Up Against Hancock County Aggregation—Hard Practice in Anticipation of Contest.

After three days of mediocre practice during the week the Illinois players seemed to shake off their lethargy Thursday afternoon and romped through a long signal drill in good style. Every man on the squad is in first class physical condition and consequently each player should give a good account of himself.

Since the field has dried out after the pelting rain of last Friday afternoon the ground is extremely hard and several of the players are complaining of sore feet, caused by the unyielding soil, which makes the cleats push up into the soles of the shoes. After an hour of fast signal practice the team lined up for a few minutes' scrimmage with the high school team in order to try out a few new plays which the men have not had an opportunity to test. Unwilling, however, to risk any injuries so close before to day's game, the coach soon substituted the whole second team and started the variety of another long signal drill.

Long after it became too dark to see the ball on forward passes the team was still pounding away on close formations and responding with a will to the call for increased speed. Then after a short drill on receiving a punt-out, the men took a lap around the cinder track and then went with a whoop and a rush to the dressing room and the shower baths.

Every man on the team knows that if he plays the football which he is capable of playing, Carthage college will meet the same fate which befell her last Saturday. The game will start at 3:30 and full time will probably be played. The same line-up which opposed Lincoln college will probably start the game, but if conditions permit substitutions will be made frequently. Merriman who so satisfactorily refereed the Illinois-Lincoln game will again officiate in that capacity.

The line-up:  
Left end—McLaughlin, Land.  
Left tackle—Kingsley, Dicks.  
Left guard—C. Lukeman, R. Russell.

Center—Tandy, Berryman.

Right guard—Holmes, S. Russell, Berry.

Right tackle—Capt. Ross, Blacketter.

Right end—Karch, Pierce.

Quarter back—Stewart, Gary, Hunziker.

Left half—Darragh, Sorrels, Butler.

Right half—Jacard, Furr, Wade.

Full back—Alford, Dugger.

HERMAN'S CELEBRATED MILINERY ALWAYS GIVES SATISFACTION.
